BRITISH PRESS ATTACKS PREMIER

LLOYD GEORGE IS OPPOSED AS HEAD OF U. S. MISSION

(United Press Leased Wire)

LONDON, July 13.—Opposition to Premier Lloyd George as head of the British delegation to the Washington disarmament conference was growing today. The premier's political enemies were marshalling their forces to forestall him from assuming the leadership.

ORDERS REVENUE AGENT TO SEIZE L. A. BREWERY

United Press Leased Wire
LOS ANGELES, July 13.—United States District Attorney O'Conner today ordered Major T. M. Reynolds, field officer of the internal revenue department, to seize the entire plant of the Maier Brewing company.

The brewery will be investigated for alleged connection with the distribution of "real" beer in Southern California, it was announced.

PROBING DEATH OF MEX. CRASH VICTIM

Coroner Charles D. Brown was holding an inquest this afternoon at Anaheim over the body of Francisco Aguilar, 37, Mexican, who died at the county hospital late yesterday afternoon of pneumonia resulting from an accident in which he figured last Saturday night.

Aguilar was driving a horse and buggy through Los Alamitos when his rig was struck by an automobile driven by Felix Stepp, of Los Alamitos.

According to Stepp, there was no light on the buggy and it was being driven on the wrong side of the road.

Aguilar sustained a deep cut on his forehead as a result of the fall from his seat. Pneumonia developed soon after he was taken to the county hospital.

2 BANDITS ESCAPE AFTER DARING JOB

CHICAGO, July 13.—Help! Help! Two bandits held up Joseph Biedel, a paving contractor, in the corridor of the city hall near Mayor William Hale Thompson's office at noon today.

The bandits obtained \$142. Several policemen standing nearby started chase. They pursued the bandits through the building and the loop district. The bandits escaped.

THREE BILLION DOLLAR WAGE LOSS FROM BUILDING INACTIVITY, REALTY MEN TOLD

United Press Leased Wire
CHICAGO, July 13.—Three billion dollars in wages were lost by building trades laborers during the last twelve months, because of the inactivity in constructive work, Daniel Crawford Jr., Philadelphia, told the National Association of Real Estate boards, meeting here today.

The inflation which he said the bankers permitted between the springs of 1919 and 1920, was blamed for the tie-up by Crawford.

"Not more than twenty-five per cent of the \$6,125,000,000 worth of building contemplated for this year, will be started," the speaker stated.

Laborers, he said, must consent to a wage reduction before the building industry can be fully revived.

Joshua Kirby, president of the Discount company of Cleveland, said that although commodity prices would never reach the 1914 level, a "satisfactory deflation was taking place."

"America cannot now experience a sustained business depression," he said.

vine boy was killed, were held as witnesses. They are Vincent Hall and George Bayham, both nine years of age.

Henry and Willie quarreled. Willie is said to have struck Henry with an iron bar, breaking his neck. The four boys were at the edge of a pond, planning to go swimming. They stripped Henry's clothes from his body, tied a rock to his hands and rolled him into the water, according to the authorities.

BANDIT QUARTET IN \$7000 HAUL ON IOWA BANK

DES MOINES, Ia., July 13.—Four armed men held up the Drake Park bank during business hours here today and escaped in an automobile with \$7,000 in cash and negotiable bonds.

Professor Fulton of Drake University was severely beaten by one of the bandits when he refused to obey their orders to get into the vault with other customers, officials and employees of the bank.

LEMON PRICES JUMP ON EASTERN MARKETS

NEW YORK, July 13.—Lemons have advanced in retail price approximately 50 per cent in the last two weeks, it was learned here today. Before the hot spell, lemons were selling on the stands for four or five cents apiece; now they are selling for from six to seven and a half cents.

JUNE MARRIAGES TO BREAK RECORD, WORD

SACRAMENTO, July 13.—Early estimates of the number of marriage licenses issued in California show the total to be 5492 for June, 1921, according to L. E. Ross of the bureau of vital statistics of the state board of health. The total exceeds that of June, 1920, by 74, says Ross. There will be 1000 more marriages this year in California than in 1920, according to Ross.

POSSES SEEK MOVIE STAR LOST IN HILLS

LOS ANGELES, July 13.—Posses of police and citizens were today searching the hills back of Hollywood for trace of Claire Windsor, film beauty, who failed to return from a horseback ride late yesterday.

Charles Chaplin, a friend of Miss Windsor, was taking an active part in furthering the search.

In well informed circles Arthur Balfour is being mentioned as possible chief of the British delegation.

The Times in a leading editorial following up Viscount Northcliffe's interview with the United Press, strongly opposed participation of either Premier Lloyd George or Lord Curzon in the conference. The latter was characterized as particularly undesirable because of his "pompous, pretentious manner and business incapacity, as exhibited in the present state of his department."

NORTHCLIFFE BITTER AGAINST BRITISH STATESMEN.

LONDON, July 13.—The most important thing to be observed in the disarmament conference is mutual confidence among the participating nations, Viscount Northcliffe, famous British publisher, declared in an interview with the United Press today.

Without this, he said, the conference can be expected to accomplish nothing, and added:

"There must be straight, honest dealing, free from any kind of maneuvering."

Northcliffe was asked for his opinion regarding the conference and reports that the American government had intended to withhold the invitation for a short time but was forced to expedite it because of diplomatic maneuvers in the London foreign office.

Lauds President Harding. "President Harding's invitation is a great call from a great man to the chief powers of the world to join America in finding means to safeguard peace in the world," he said.

"It should be accepted everywhere in the most grateful and helpful spirit."

"As to the story of maneuvers in the British foreign office, I am afraid it is substantially true."

"Now, the one thing to be avoided in connection with these conferences is suspicion. There must be straight, honest dealing, free from any kind of maneuvering."

"That is why I regret that Mr. Lloyd-George's statement on President Harding's proposals in common Monday was not more generous. It seemed to me a little grudging and inspired by a wish to get some of the credit for the present conference of British imperial statement, of which he is chairman."

Oppose Lloyd-George. "We are very proud of our dominions' statesmen and they will get every kind of credit if they can help turn the Pacific ocean into a really peaceful highway for the nations. That is why I regret also attempts made yesterday in government organs to put forward Mr. Lloyd-George as a British delegate to the Washington conference. Mr. Lloyd-George is admired in England for his magnetic qualities, but he is not admired as a peace negotiator."

"The books of Mr. Keynes and Mr. Lansing have thrown too much light on the kind of ability he displays in that capacity. These books have been very widely read in the United States and I do not think that a man with such a reputation, against whom everybody would be instinctively on their guard, is the right man to represent Britain on such a momentous occasion."

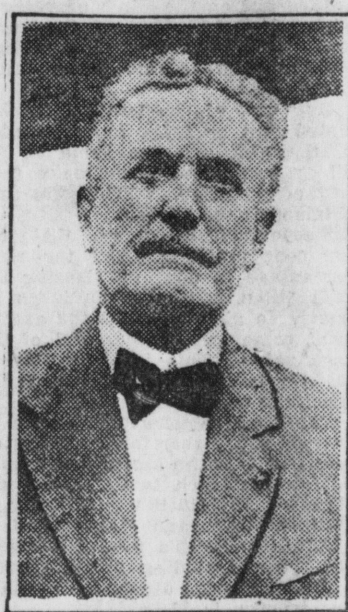

JOHNSON TO AIR VIEWS ON PACIFIC QUESTIONS
WASHINGTON, July 13.—The "Pacific" question is to be fully aired in the senate before it is taken up in the conference of the powers projected by President Harding.

Within the next two weeks a number of senators intend to make speeches on the Pacific situation, as it involves the relations of the United States with other nations, the disarmament question and the peace of the world generally.

Senators Johnson, California, and McCormick, Illinois, are prepared to speak at any time. McCormick has gathered evidence concerning Japan's activities in Shanghai, the Chinese province taken over by Japan after it had been wrested from Germany during the war.

McCormick, Johnson and the others intend to discuss Shantung, Yap, Pacific cables, the Russian situation and the history of Japan's policies, particularly as bearing upon the Anglo-Japanese alliance.

Leaves For France To Take Over Post As U. S. Ambassador

MYRON T. HERRICK, Cleveland, Ohio, banker, snapped on board the S. S. La France on his way to Paris to assume the post of United States ambassador. Herrick occupied that post during the Taft regime and proved the most popular envoy in Paris. He now succeeds Ambassador Wallace. Herrick has long been one of Ohio's leading political figures, having been governor and lieutenant governor of that state.

DOG WEIGHING POUND AND HALF FOILS PLAN TO LOOT RESIDENCE

ANAHEIM, July 13.—A pound-and-a-half Pekinese was today the uncrowned hero of Anaheim.

What he lacks in size he makes up in voice.

And last night he let it out to its full range, completely disarranging the apparently well-laid plans of burglars to rob the house of his master, L. O. Curtiss, corner of Center street and West Anaheim boulevard.

During the absence of the family, about 9 o'clock, burglars raised a window on the north side of the Curtiss house, pushed a bed away from the wall by the window and were about to make their entrance, but were foiled in their attempt by the Pekinese.

Incessant barking had attracted the attention of neighbors who arrived on the scene just in time to frighten the intruders before they were able to secure their proposed loot.

"30" BULLETINS

NEW YORK, July 13.—The Japanese Times of New York today received a message from the Kokohama Dempo stating the Japanese government had stated "wholly and wholeheartedly" in favor of President Harding's disarmament program. The dispatch stated the Tokyo government decided to send a representative to the disarmament conference called by President Harding.

CHICAGO, July 13.—Four additional jurors who will sit in the trial of baseball players and gamblers charged with conspiracy to throw the 1912 world series were named today. Eight jurors are now in the box. Attorneys hope to obtain the four additional jurors before the end of the week.

LOS ANGELES, July 13.—Jackson, Michigan, won the grand prize for drill teams at the Elk's reunion here this afternoon. Captain William Sparks, commander of the prize winning team, collapsed from exhaustion at the completion of the drill and had to be carried from the field.

ALLEGED FORGER IS BROUGHT FROM NORTH

Deputy Sheriff Herman J. Zabel returned early this morning from Redding with Walter Hill, 64, who was arrested in the Shasta county seat last Saturday on a charge of forgery.

Hill is alleged to have forged the name of C. C. Chandler, proprietor of the Main Shoe hospital, on Third street, to several checks which he cashed at different stores in this city.

Hill was taken into custody in Redding when the authorities of that city recognized him from a photograph and circular description sent out by the sheriff's office here.

Deputy Sheriff Zabel said that Hill refused to talk on the trip from Redding. He was a model prisoner, Zabel said.

WAR HERO DIES

NEW YORK, July 13.—Private John I. Munson, decorated during the war by both the French and American governments for carrying a message from the "lost battalion" commanded by Major Whittiesey, to regimental headquarters in September, 1918, is dead here in a hospital after an operation.

Hold Roosevelt Note Forged, Woman Held

BUNKO CASE STORY HEARD

REVEAL PLOT TO DEFRAUD BANKER

Jurors Hear Testimony In Trial of Suspect In 'Steering' Game

Charged with criminal conspiracy in having entered into a scheme with three other men to defraud the First National bank of Yorba Linda out of \$300, W. Wignall, alias "Sharkey," alias "Fields," went on trial before a jury in Department No. 1 of the superior court here today.

Dr. Lester Keller, president of the Yorba Linda bank, was the first witness called. He told of meeting the defendant and his three associates, T. T. Franklin, a man named Nelson and another named Johnson, April 15, last.

These men, according to Keller, represented themselves as oil promoters and prospectors. The defendant, Wignall, was introduced as a "geologist." Franklin, Keller said, was the ringleader of the quartette, having represented himself as the "capitalist."

Sought Oil Land Option
"These men appeared to be keenly interested in securing an option on an oil lease which I held," said Dr. Keller. "They sent 'Sharkey,' the defendant here, out to examine the oil property and he pronounced it to be a good prospect. Franklin then negotiated for the option."

According to Dr. Keller, Franklin told him he did not want to turn over \$500 of his own money for the option. He said he would get the money through a draft on a San Francisco bank in which the syndicate he represented kept an account. The following day, according to Dr. Keller, Franklin gave him a check for \$1,000 drawn on a San Francisco bank.

Five hundred dollars of this was applied to the option on the oil lease and the remainder was credited to Franklin's account in the Yorba Linda bank.

To Give More Details
This concluded the testimony taken at the morning session of the court. Deputy District Attorney C. N. Mozley stated that he would put on witnesses this afternoon to show how the bank was defrauded of \$300 when Franklin withdrew that sum. He would also prove, he said, that the check drawn on the San Francisco bank for \$1,000 was fictitious as was another deposited later, for the sum of \$1,200.

Several witnesses from Long Beach were awaiting a call to the stand this afternoon. They were expected to give testimony relative to the defendant's activities in that city and his subsequent arrest. Wignall was arrested at Long Beach after he had attempted to cash a draft in a jewelry store.

Jeweler on Vacation
It was thought for a while this morning that the case would be continued. Deputy District Attorney C. N. Mozley stated that L. L. Merth, the Long Beach jeweler, one of the principal witnesses, was now on his vacation in Oregon and that he had never been served with a subpoena.

Judge Z. B. West consented to a reading of Merth's testimony given at the preliminary hearing in the justice court here May 14 as it had been shown conclusively that he started on his vacation before a deputy sheriff attempted to subpoena him.

A special effort was to be made today to locate two clerks and two bellboys who were employed at the King Edward hotel in Los Angeles. These are to appear as witnesses for the defense, it was announced. Defense attorneys did not know their names.

OFFER HIGHWAY BONDS
SACRAMENTO, July 13.—State highway bonds amounting to \$4,800,000 will be offered for sale at the offices of State Treasurer Friend W. Richardson on Thursday, July 14, it is announced here. The bonds will bear 5-14 per cent interest.

CLINTON, Ind., July 13.—Mrs. Emma Burkett, was arrested at her Hillsdale home today and is being held for New York authorities to answer to a charge of forging the name of the late Theodore Roosevelt to a note of \$69,900.

A constable took Mrs. Burkett into custody upon receipt of orders from the district attorney of New York. The sheriff in turn locked her in jail in Newport, the county seat.

Mrs. Burkett recently made a claim against the Roosevelt estate for the amount of the note, asserting that the former president signed it as security for a Charles J. Shunshon at the Progressive convention in Chicago June 21, 1912.

AMERICAN AVIATORS SINK GERMAN VESSEL
ABOARD U. S. S. HENDERSON, OFF NEWPORT NEWS, Va., July 13.—Army airplanes sunk the former German destroyer G-H-102 after showering bombs on her for one hour and seventeen minutes off Hampton Roads today.

The destroyer was the largest craft yet used in tests of this kind and in addition the aircraft operated further from their base than they have in any other of the tests.

Offers 5,000 German Marks (\$67) As U. S.-Jap War Trophy

United Press Leased Wire
PATERSON, N. J., July 13.—The first American crew which captures or sinks a Japanese warship, in case of hostilities, will receive a prize of 5,000 German marks.

This was received today when the will of Charles Fritzsche, former Paterson engineer, who invented the locomotive turntable, was received here from Germany. He went there before the war and was interned with his wife and daughter.

At the present rate of exchange 5,000 marks amounts to \$67.

VANDERLIP BLAMES HUGHES AS RUSSIAN TRADE PLAN HALTED

SAN FRANCISCO, July 13.—Washington D. Vanderlip, Los Angeles capitalist who obtained vast concessions in Kamatchatka from the Russian Soviet government, today in an interview blamed Secretary of State Hughes for the failure of his plans to re-open commerce with Russia.

Vanderlip, it was understood at the time the concessions were given, was to obtain in return the reopening of trade and commerce between Russia and the United States.

Vanderlip in the interview charged Secretary Hughes with having blocked the importation into this country of \$200,000,000 worth of materials from Russia which he had arranged for with the Soviet government.

Vanderlip was here because of the illness of his wife.

BASEBALL RESULTS

AMERICAN LEAGUE.

Boston 2 1 0 0 0 0 0
Cleveland 1 0 0 0 0 1 0
Boston—Russell and Ruel; Cleveland, Maile, Sotharan and Nunamaker.

Pittsburg-Philadelphia game postponed, rain.

JACKIE COOGAN TO UNDERGO OPERATION

GLENDALE, Cal., July 13.—Jackie Coogan, endeared to the hearts of young America as the hero of "The Kid" and "Peck's Bad Boy," entered Glendale hospital today for operations on his nose and throat.

Jackie's parents accompanied him. Dr. H. D. Westphal, surgeon, was to perform the operation.

SUIT OVER ESTATE OF LATE PRESIDENT RESULTS IN ARREST

CLINTON, Ind., July 13.—Mrs. Emma Burkett, was arrested at her Hillsdale home today and is being held for New York authorities to answer to a charge of forging the name of the late Theodore Roosevelt to a note of \$69,900.

A constable took Mrs. Burkett into custody upon receipt of orders from the district attorney of New York. The sheriff in turn locked her in jail in Newport, the county seat.

Mrs. Burkett recently made a claim against the Roosevelt estate for the amount of the note, asserting that the former president signed it as security for a Charles J. Shunshon at the Progressive convention in Chicago June 21, 1912.

AMERICAN AVIATORS SINK GERMAN VESSEL
ABOARD U. S. S. HENDERSON, OFF NEWPORT NEWS, Va., July 13.—Army airplanes sunk the former German destroyer G-H-102 after showering bombs on her for one hour and seventeen minutes off Hampton Roads today.

The destroyer was the largest craft yet used in tests of this kind and in addition the aircraft operated further from their base than they have in any other of the tests.

On Friday, American destroyers will try to sink two other German boats by gun fire. Next Monday and Wednesday comes the climax to the bombing tests when the cruiser Frankfurt and the battleship Ostrifland will be the target of American air raiders.

BIG JR. COLLEGE GROWTH SEEN FOR STATE

Interspersing his remarks with sparkling humor, Mark Keppel, superintendent of Los Angeles county schools, declared today before the school trustees of the county assembled at the armory here in an annual convention that his one criticism of school trustees was that they paid too much attention to the small percentage of unworthy teachers and not enough to the "97 per cent of good ones."

He made the prediction that the coming year and a half would see the establishment of from 50 to 100 junior colleges in this state.

He declared that the policy of free education in California was one that demanded education still higher than the high school and that already colleges and universities of the state "are suffering from an overcrowded condition."

"This," he said, "will be relieved in some measure by the new junior colleges which I am sure will spring up all over the state, but an enormous increase in the number of universities is needed."

Cites "Indoor Sport."

Keppel's shot at the trustees was released while he was outlining the provisions of Assembly bill No. 378, which, he said, "seems aimed at the great indoor sport of hiring and firing."

It is a tenure bill applying only to districts employing eight or more teachers, the author of the measure evidently being of the opinion that tenure is a good thing except in small districts.

"The bill provides that the first and second year for a teacher in any one school may be considered as probationary, and during which period the teacher may be dismissed for cause. The probation period ends with the second year and subsequent hiring makes dismissal impossible except for just cause which must be proved in a public hearing."

The causes as read by the speaker include immoral or unprofessional conduct, gross incompetence, evident unfitness, evasion of or refusal to obey the California laws or reasonable rules for the government of the public schools.

Sees "Mortality."

"My own criticism of school trustees," stated Keppel, "is that too much attention is paid to the three per cent of unworthy teachers and not enough is paid to the 97 per cent of good ones. And I venture to make a prediction that under the new law, the mortality at the end of the second year will be pretty great."

Keppel based his opinion regarding the growth of the junior college movement on Bill No. 709, which has to do with the establishment of three types of such college, county, district and city.

Touching upon other legislation concerning the schools of the state, he mentioned a measure that was fathered by the one colored member of the legislature. This bill, which was passed, introduced the subject of thrift into the public schools course of study. A bill was also passed stating that no textbook or chart adopted by schools shall contain matter reflecting on citizens because of race or color.

Status Uncertain

Keppel stated that the status of numbers of the recently passed bills was still uncertain. He said that one of those approved by Governor Stephens, Assembly bill No. 4, was one of the most interesting. This bill attempts to deal with the problem of children of alien race, notably Indians, Japanese and Chinese. It provides separate schools for such children. Though it was passed the legislature seemed to disfavor it, Keppel said.

The measure was aimed chiefly to relieve the situation in the districts where the government maintains schools for Indian children. The parents of these children prefer to send them to the regular district schools, a practice frowned upon by the parents of the white children in the localities concerned.

Fight on Bill

The fight on the bill centered around the situation in Bishop, Inyo county, but passage of the bill makes it necessary for the children of the named races to attend the schools provided for them by the federal government, so the situation there will be relieved by the opening of the next term of school.

Keppel gave a brief outline of numerous other bills enacted and was followed by Miss Elizabeth Phillips, secretary of the board of education, who gave an account of the system which Santa Ana school district follows in purchasing school supplies.

The noon recess was passed at James's where the members were entertained at dinner by County Superintendent R. P. Mitchell, who also presided at the morning meeting.

Resuming the session at 1:30 this afternoon, the assembled trustees were to listen to a discussion of the proposed county parental school given by adherents of the plan.

County Free Library

Points concerning the methods that are to be used in making the county free library useful to the schools were brought out in an address to the school trustees this morning by Mrs. Earl L. Morris, president of the district federation of parent-teacher associations.

Mrs. Morris said that by securing a county free library, this county signs itself with forty other counties of the state who are operating county free libraries.

Mrs. Morris stated that the movement towards the establishment of the county libraries was the outgrowth of several ventures along different lines, among them being the contract library and the traveling library, the last named attaining the greatest success until the establishment of the county libraries.

"Over 2000 elementary and high school districts have joined in the movement to establish such libraries in this state alone," stated Mrs. Morris. "And of the forty which are in existence, every one is being found more valuable every day. The advantages to be gained are an increased purchasing power by the pooling of library funds by the different schools of the county, the ex-

have 300 members in line. Every other lodge in Southern California is laying ambitious plans for big representations.

As to Hats, Sashes

Wasser said that sombreros and sashes to be worn by the local contingent would be available at 241 Winston street, Los Angeles, the new building of the Crescent Creamery company.

"Those who intend to participate in the parade should be on Fourteenth street, between Hill and Grand, by 10 a. m.," said Wasser. "The parade will start promptly at 10:30 a. m."

It is expected that the majority of local Elks will leave Santa Ana tomorrow morning by 7 o'clock. Those who have room for extra passengers in their cars were asked by Wasser to call at Elks' hall prior to departure.

Santa Ana lodge last night initiated six new members, J. W. Shields, H. S. Williams, J. S. Forsythe, B. J. Chandler, H. S. Corson and C. Gibson. The lodge session was followed by light refreshments.

Thousands Watch Drills

Thousands of men, women and children assembled again at Exposition park, Los Angeles, today, to see drill teams from Elks' lodges of Detroit, Jackson, Mich.; Philadelphia, Pa.; Lake City, Phoenix and San Francisco compete for the honor of being adjudged the best drill team in the order.

These six teams outpointed numerous competitors in the preliminary drills yesterday, which drew a vast throng.

However, the drills at the park were by no means the only feature of the program. For the antedecedents invaded Ingewood this afternoon and the city made absolutely no stand against the invaders.

Ingewood carried out extensive plans for extending the "glad hand" to the thousands of "Bills" who availed themselves of that city's open house invitation.

Key is Presented

The key to the city was presented by Mayor Spafford. City Attorney Clyde Woodworth made the address of welcome.

Following their return from Ingewood this evening the deer brethren are to attend the biggest theatrical event in Elkdom, the minstrel show under auspices of Minneapolis Lodge No. 44 at the Philharmonic auditorium.

"The great order of Elks is no longer purely a social organization where good fellows get together," This was the keynote of the address of William Wallace Mountain, immediately after his election late yesterday as grand exalted ruler of the order.

"While the Elks are the best fellows on earth, and love to meet in a social way and have a good time," Mountain said, "they also have been doing a definite and great work for humanity. Today this great order should be the open door to every white man 21 years of age who is and wants to be a real all-American good citizen."

50,000 Visitors

Los Angeles has welcomed to its midst more than 50,000 visitors, according to the official count of the registration committee of the Elks.

Not alone has the convention city offered its hospitality, but the surrounding cities and the beach resorts have all called a welcoming "Hello Bill" to the guests. Yesterday Santa Monica welcomed the Purple Knights with a loud hurrah.

At Exposition park, in the morning, the Jackson team led in the drills and the consensus of opinion was that the national Elks' championship would be retained by the team. The exhibition of wall-scaling with which the drill ended was said to be one of the best ever witnessed.

Colorful Spectacle

One of the most colorful and spectacular events of the day was the appearance of the Philadelphia Elks led by their band of 100 pieces.

The "Flivver Brigade" followed, each flivver being decorated in the royal colors and driven by a liveried chauffeur. These cars were brought from the Quaker city all in readiness for the stunt, and created much interest. A mounted patrol, a fifty-man degree team, a first band and a group of beavers, a small field piece drawn by a tractor and accompanied by a gun squad, formed other interesting parts of the Philadelphia unit which was like a three-ring circus in the multiplicity of its entertainment features, all sections offering their part of the program at the same time, a program which closed with the releasing of fifty white pigeons.

Selection and purchase of books and apparatus, the possibility of borrowing from the state library of over 300,000 volumes, the elimination of book agents, and the keeping of all books in repair.

That the library will be of equal benefit to all the school districts co-operating by the fact that all costs of transportation are cared for by an appropriation for that purpose.

"Books alone do not form the advantage of the library," concluded Mrs. Morris, "but all charts, globes, maps and such apparatus used in the schools are available at all times, as are magazines, stereograph views, music records and even pictures."

PEARL OIL (KEROSENE) for oil cookstoves

STANDARD OIL COMPANY

VAST TRACTS IN MEXICO IDLE. IS CLAIMED

Tens of millions of acres of land in Mexico lie today in the condition they were in 1500 years ago so far as development is concerned, according to A. M. McDermott, who today addressed the Kiwanis club on the Mexican constitution.

The Oregon government is offering every inducement for foreigners to invest there and assist in developing the country, he stated.

That McDermott has given the laws of Mexico deep study was evidenced by the manner in which he told briefly various provisions in the constitution. He declared that there is a general misconception on the part of Americans as to the provisions for foreigners acquiring lands there.

The constitution prohibits ownership of lands by foreigners, except that foreigners may secure permission to buy under condition that they renounce their foreign citizenship so far as the property owned is concerned.

Other Provisions

A foreigner does not necessarily have to renounce allegiance to his native country. He renounces allegiance only so far as the piece of ground owned is concerned and there merely is renunciation of possible damage claims.

Explaining the condition which has brought about suspension of exportation of oil from that country by American companies, McDermott said that the government had withdrawn all taxes on mining products because of the slump in the value of ores and had increased the export tax on oil because it is a commodity of production there that is in demand and is moving.

He pointed out many other interesting features of the laws there and conditions that brought about their enactment, touching briefly on the change in administrations and the results.

Enthusiastic Applause

Enthusiastic applause greeted the announcement of Robert Atkinson, member of the committee having the picnic of July 27 in hand, that the affair would be an old-fashioned basket picnic, with chicken as the "piece de resistance" recommended for every lunch basket. It will be held at Laguna Beach.

Sam Jernigan, reporting for the committee to which was assigned the work of securing pump equipment for the Boy Scout camp, stated that arrangements had been completed. Albert Hill will furnish the pipe, George J. Cocking will supply and make the connections free. The Dixon pump works will supply an engine and pump at \$500, \$5 below wholesale cost to the concern, and will install the equipment without charge.

To Move Tank

It is expected that Friday will see a large number of Kiwanians on the ground assisting in moving a water tank to the location, the tank being donated by Hugh Thompson of Villa Park, G. A. Barrows and A. E. Noe will erect the tank tower, with the Pacific Telephone and Telegraph company delivering the material on the ground. The work and material will be gifts to the cause.

A. N. Zerman and J. P. Baumgartner were appointed a committee to investigate and report to the club plans for providing for the operation and care of an Orange county child in correction of a crippled physical condition.

Organizer Westcott announced that a club is being organized at Fullerton with the first dinner from two golden cages.

As a token of the appreciation of the Philadelphians of the hospitality extended by Los Angeles Lodge No. 99, the entertaining lodge has been presented with a handsome silver punch bowl by the Quakers. Exalted Ruler Norman Baile accepted the gift on behalf of the lodge.

Interesting Phase

Another interesting phase of the gathering has been the recognition of the aid given by the order to the humanitarian work of the Salvation army, whose Southern California divisional commander, Brigadier C. R. Boyd, yesterday presented a banner to William M. Abbott, retiring grand exalted ruler of the B. P. O. E., in appreciation of that aid.

The only serious accident to mar the pleasure of the visiting Elks has been that of C. O. Yelton, of Oklahoma City, who was injured in a street car accident in Los Angeles. When removed to a hospital, Yelton's injuries were found to be such that it was necessary to amputate a part of each foot.

Hundreds of Santa Anans are expected to go to Los Angeles tomorrow to see the big electrical parade which is scheduled to begin at 8 p. m.

FINDS WOMAN HE WED HERE YEAR AGO ALREADY HAD HUBBY

A full year, lacking twenty days, after he was married to Ethel Knight, Sidney Eggleton, rancher, learned that the young woman at the time of their marriage had another husband living.

This fact was disclosed in a complaint, filed by Attorney Clyde Bishop for Eggleton, in which the annulment of the marriage of Eggleton and Ethel Knight by Justice of the Peace J. B. Cox on July 31, 1920, is asked.

The complaint alleges that when the wedding occurred in Santa Ana, the girl was the undivorced wife of George Black, of Detroit, Mich. The complainant alleges that he did not know this to be the fact until July 11 of this year. The complaint states that the defendant in the action is now living in Newark, N. J. When the license was secured here last year the girl's age was given as 23, Eggleton's as 25.

CRASH REPORTED

ANAHEIM, July 13.—It was reported to the Anaheim police from the Fullerton-Anaheim road today that J. M. Berchinn, of Fullerton, was driving an automobile that collided with a motorcycle ridden by a boy about eighteen years old. The motorcycle upset and the boy took to his heels. The motorcycle, badly damaged, is now in the McMahan garage here. The name of the boy was not obtained.

ATTENTION B. P. O. E. NO. 794

Our headquarters have been established at the Crescent Creamery company's new building at 241 Winston St., between 4th and 5th, and Los Angeles and Wall Sts., where a man and wife will be in charge and where you can check your clothing and everything will be safe.

Take a Main St. car to 14th St. and walk over to Grand, where we assemble for the parade, which starts promptly at 10:30 Thursday, 14th.

Remember, Brothers, get in line as we want to make a good showing in this parade.

COMMITTEE.

scheduled for a week from tomorrow.

Freeman H. Bloodgood acted as chairman today in the absence of Raymond Miller, who is on a vacation.

Secretary Herbert O. Davis won the attendance prize and will be chairman next week.

BIRCH COMPANY LAUNCHES ITS TAX BATTLE

The board of supervisors, now sitting as a board of equalization, did not show nor express any surprise today when attorneys for the Birch Oil company appeared to make their annual protests against the tax assessments levied on the 20-acre oil property owned by the company in Brea canyon.

County Assessor James Sleeper's figures show that the assessment has been raised from \$834,375 in 1920 to \$1,153,045 for 1921. The increase in the Birch's assessment is largely due to the fact that oil produced during the year ending March 1, 1921 was worth a great deal more than oil produced on the Birch property during the year ending March, 1920.

Woodruff and Shoemaker, of Los Angeles, attorneys for the Birch Oil company, registered the official protests, they asserted the official protest used by Sleeper in levying the assessment on the Birch property is arbitrary and discriminatory and that his final figure does not conform with the market value of the property.

By way of explanation Sleeper stated that he takes the production of the well and the value of the oil produced and computes a total cost of operation. The figure thus obtained is the profit.

Sleeper said he figures that ten per cent profit is about the right percentage to use in figuring the cash value. So he multiplies by ten. He aims to make the assessment come to forty per cent of the cash value. This is arrived at he said, by taking forty per cent of ten times the profit.

The Birch assessment has been increased every year for several years past. In 1918 the assessed valuation put on the Birch twenty acres was \$529,715. In 1919 it was \$773,475; in 1920, \$834,375, and this year it is \$1,153,045. Birch's total assessment this year, including personal property and acreage other than the famous twenty, is \$1,186,135.

Mrs. Housewife, do you know that you can cook electrically at a moderate cost? Do you know the advantages? You owe it to yourself to find out. See Mrs. Souderman at Granger Electric Co., 306 West 4th street. Any day this week. Actual demonstration.

COUPLE WHOSE AGES TOTAL 140 SECURE MARRIAGE LICENSE

Dan Cupid does not discriminate against old age. At least the marriage license book in the county clerk's office shows that he does not. Frequently couples in the sunset of life apply for marriage licenses and an instance of this came about this morning.

John Getty, 79, and Lovina J. Spencer, 61, both of Long Beach, secured a license. They left the court house for the home of a local minister where they were to be married. Both the bride and the groom are entering upon their second matrimonial adventure.

Adams, Henry Hunt, Mrs. Della Prince, Lella Vandoren, D. F. Cook, S. M. Davis and C. P. Huey, the latter of Los Angeles, are attorneys for the defendant.

MURDER HINTED

ANAHEIM, July 13.—Mrs. George Esmay, of Fullerton, has received a letter announcing the death of her brother, J. W. Carlick, of Modesto. He was found dead under a tree by his family. A bullet hole in his head indicated either murder, or suicide. The tragedy occurred Saturday. The letter was written by Mrs. J. E. Lutz, a niece of Mrs. Esmay.

City and County

Word has been received here from Mr. and Mrs. W. D. Baker, who have been passing several months in the east. The Bakers are now at Morris, Ill., visiting relatives and write from there that the temperature has been higher than it has reached for the past fifty years. Harvesting has been hindered because of the fact that the horses used in the field cannot stand the extreme heat and have been dying by the hundreds. Mr. and Mrs. Baker intend to go to Chicago this week to attend the national realty convention and will then start home, probably stopping at Denver and at the Yosemite.

Carl R. Gray, president of the Union Pacific and Salt Lake railroads, for whom Justice of the Peace Cox left his bench early yesterday noon, to dine with him at the Maryland hotel at Pasadena last evening, is an old schoolmate of James G. Welch, of San Diego, and Welch's sister, Mrs. Alice Overshiner, of this city. His father, Colonel Gray, at one time occupied a chair in the Arkansas Industrial University of Fayetteville, Ark., and Mrs. Overshiner was one of his students.

Saturday will be inspection day at the American National bank and the officials have extended an invitation for anyone to come and investigate the building. Hours of inspection have been announced as from 3 to 8 p. m. and no business will be transacted during that time. Visitors will be shown the big new burglar and fireproof vault which was recently installed. There is only one other vault of this kind in the state, it is said. The circular door is seven feet in diameter and ten inches thick, weighs 15 tons and cost \$10,000.

Interest in tomorrow evening's band concert at Birch park, the first of a series to be given by the band of the Orange County Automobile Trades association, is increasing, it was stated today. Indications are that there will be a good attendance.

Thomas A. Wotton, of Pasadena, field manager for Hunter-Dulin & Company, one of the best known Los Angeles bond houses, was in Santa Ana today on business for his firm. Wotton grew up in Santa Ana. His father, the Rev. W. H. Wotton, was rector of the Church of the Messiah here for many years. He died two years ago. His mother, Mrs. W. H. Wotton, is now visiting her mother, whom she had not seen for many years, in Sault Ste. Marie, Canada, and his sister, Margaret, is attending the University of Michigan.

A report of the recent meeting in Los Angeles of the board of directors of the Milk Producers' association as given by W. M. Wicker before the Los Angeles farm bureau directors yesterday aroused much interest, as any steps taken by this association will sooner or later affect the local dairymen. Wicker was the Orange county representative at the meeting and his report gave a concise account of all business of importance transacted, and the stand taken by the association in regard to the lowering of prices in both the wholesale and the retail distribution of milk. Wicker has been appointed a member of the Orange county farm bureau board of directors in the dairy department in the place of J. J. Kelley, who resigned following his retirement from the dairy business.

A splendid program, arranged by the entertainment committee of Sedgwick Post No. 17, G. A. R., greeted the old soldiers and their guests at the opening meeting held this afternoon at G. A. R. hall. The program, consisting of an address by the Rev. R. R. Raymond, readings and music began at 2 o'clock.

A fair representation of the congregations of the Methodist Episcopal churches of Orange county will journey tomorrow to the Pacific Palisades, the proposed new Methodist colony near Santa Monica, which will be modeled after the plan of Lake Chautauqua, New York, which has been the summer gathering place for eastern Methodists for many years. The Pacific Palisades company owns 1100 acres near Santa Monica. Lots are to be leased to subscribers for ninety years. Tomorrow has been designated as "Orange county day" and in honor of the Methodists of the county a big dinner has been arranged by the company, while other entertainment features will add to the interest of the day.

Former residents of Missouri were interested today in an announcement by W. S. Wheaton, general agent in Orange county for the Salt Lake and a former Missourian from Phelps county and St. Louis, that he has opened an information bureau at 419 Bush street where those interested will find a fund of information about the coming Missouri centennial jubilee.

Pajamas made by Santa women in the Red Cross sewing rooms here may be helping Russian refugees defeat the hot summer weather in Turkey. According to a dispatch received here today from Constantinople, several thousand pajamas have been ordered distributed to the refugees by Hugh S. Bird, national treasurer of the Red Cross, who is now in that city. He saw a Russian officer who had taken a suit of pajamas, sewn some shoulder-strap

CHANCE MADE IN FREE LIBRARY CHIEF HERE

Margaret E. Livingston, librarian of the Colusa county free library, is to be librarian of the Orange county free library instead of Miss Anne Belle Bailey, of Redwood City.

This change of appointment was disclosed today when County Clerk J. M. Backs acting for the board of supervisors, notified Miss Livingston that the position would be held for her.

Miss Bailey, who was appointed librarian at the regular meeting of the board of supervisors held a week ago Tuesday, informed the board in a letter received yesterday that she could not accept the position.

Expresses Appreciation
"I wish to express my appreciation for your consideration of me for the position," Miss Bailey said, "but unfortunately on the very day you were considering my name for the office in your county, I agreed to go to Fresno as head of the school department in the county library for \$2,100."

"My application was filed so long ago, that I had no idea my name would be considered again without another application, and of course when the opportunity came in Fresno county, I accepted it."

Miss Livingston wrote to the supervisors that she was informed by her friend Miss Mary Harris, librarian in the Santa Ana high school, that the operation of the Orange county free library would begin this year.

According to Miss Livingston, she holds a certificate for the Los Angeles library school, and county librarian's first grade certificate. She says she has had six years experience in a college library, four months following her school work in the Los Angeles public library and three years of county library experience, one year as cataloguer and first assistant, and two years in her present position.

She adds that many of her own and her father's friends live in and near Santa Ana and that she has no relatives or ties to hold her in Colusa.

Mrs. Housewife, can you answer these questions? How much would it cost me to cook electrically? What would I gain by doing so? If you cannot answer you should ask Mrs. Souderman at Granger Electric Co., 306 West 4th street any day this week. Actual demonstration.

braid on them, strapped his officers' belt around them and rolled up the bottoms to give a trousers effect. The officer looked as well put up Bird decided that no refugee need wear heavy winter clothing while Red Cross pajamas were available.

R. A. Whitson, formerly of Santa Ana, and now practicing law in San Francisco, was a visitor here today. He was married at the northern city last Thursday to Frances Manning and the couple are touring the state on their honeymoon. They will leave Santa Ana tomorrow morning. Whitson is a son of Mrs. Mary Whitson, 415 West First street.

Market News

United Press Leased Wire

MEX. PETROLEUM MAKES STEADY GAIN

NEW YORK, July 13.—The New York Evening Sun's financial review today said: Prices on the stock exchange worked toward lower levels during the greater part of the session but there was nothing impressive about the movement. Practically all groups sold off 1 to 2 points before any resistance was encountered. Steel issues perhaps displayed the most uniform weakness. General Electric tumbled some four points, going down close to its low for the year. Pierce Arrow issues were very soft and Crucible, Republic, Baldwin and the like receded 1 to 2 points under small offerings. Prices rallied moderately from their low levels in the final hour, but no enthusiasm on the buying side was exhibited. Mexican Petroleum led the recovery, going above 100. The majority of issues, however, did not do much more than regain their early losses.

Chicago Board of Trade
CHICAGO, July 13.—Continued hot weather, with reports of appearance of black rust in the wheat in the northwest, caused grain quotations to continue their rise on the Chicago Board of Trade today. Leading houses were on the buying side. There was not much change for sale until September delivery reached \$1.26, when large offerings caused a rather sharp dip. However, when the market closed, the market closed. Provisions were irregular. July wheat opened at 119 1/4, up 1-4, and closed up 3 1/4. September opened at 119 1/4, up 1-4, and closed up 3 1/4. Corn, July, opened at 61 7/8, up 1-4, and closed unchanged. September corn opened at 61 1/2, up 1-4, and closed up 1-4. July oats opened up 1-2 at 36 and closed up an additional 1-2. September opened at 35 1/2, up 1-2 and closed up 1-2.

SUPERVISORS 'GET A KICK' OUT OF CARD TRYING TO 'KID' 'EM

A Los Angeles jokester, who signs himself "A Friend," has sent a post card to the board of supervisors ridiculing that body for distributing post card pictures of the "county poor farm."

The card was read by the board today, while the members were sitting as a board of equalization. On the back of the card there is a picture of the Orange county farm, featuring the county hospital.

On the front of the card there appears the following message: "Dear Sirs: It is to laugh, that a county like Orange, with all its boasted wealth, should advertise itself by sending out postals of its poor farm. If you are in need of occupants Los Angeles can fill it for you. 'A Friend.'"

The supervisors got quite a "kick" out of the little joke. And they proceeded to "kid" County Purchasing Agent P. W. Slabaugh for being responsible for the issuance and distribution of the cards. But the joke is really on the "Friend," who addressed the card to the supervisors, for the inscription below the picture on the card specifically states that the scene is the "Orange County Farm." And it looks more like a rich farm than a poor one.

SPEED LEGISLATION ON WAR DEBT REFUND

WASHINGTON, July 13.—Secretary of the Treasury Mellon will announce before the senate finance committee tomorrow and give additional testimony regarding the need of broad discretionary powers in refunding the \$10,000,000,000 allied war debts to the United States, Senator Penrose, Pennsylvania, announced today.

The Sweet bill and all other legislation before the committee will be sidetracked until the refunding bill is reported out, Penrose said.

Refunding of the allied war debts to the United States must be settled before the soldier bonus bill can be enacted, Senator Penrose declared. Accepting President Harding's suggestion in his message to the senate that enactment of the bonus bill depends upon tax reductions, the refunding of the war debt and the adjustment of foreign loans, Penrose called a meeting of the finance committee today to consider his bill. Secretary Mellon broad powers in refunding the allied loans.

MAKES TRANSCRIPT OF BONDS PROCEEDINGS

County Clerk J. M. Backs today was drawing up an abstract of the proceedings of the board of supervisors and the Orange Union High school district relative to the issuance of the \$160,000 bonds of the district which were sold yesterday to the California company of Los Angeles. Backs said that the transcript of the official proceedings would be completed within a day or two and that the abstract would then go to the attorneys for the California company who would either approve or reject the issue.

PROPERTY SHIFT DODGE CLAIMED IN LAWSUIT

Asserting that Abe Kasviner, Orange county property owner, deeded his holdings to Frieda Kasviner, a near relative, to avoid collection of a claim and judgment thereon, P. S. McNutt, Los Angeles attorney, today filed suit in the superior court here to cancel the deeds and subject the property to the payment of the judgment.

McNutt alleges that through a civil suit tried in the superior court of Los Angeles county June 20, 1921, he secured a judgment against Kasviner in the sum of \$1,444.02. There has been paid on this judgment, according to McNutt, only \$254.27.

The plaintiff alleges that Kasviner transferred about fifty acres of land in the Cypress district to Frieda Kasviner with the intent to defraud him by putting the property beyond his reach and thus avoiding collection of the judgment.

According to McNutt, the property owned by Kasviner in the Cypress district constitutes substantially all of his real property and the transfer of that property renders him insolvent. He holds that his claim cannot be collected without application of the property thereto.

READY TO BEGIN WORK ON NEW OLIVE BRIDGE

County Engineer J. L. McBride stated today that Frank Hudson, to whom the board of supervisors yesterday awarded the contract for the construction of the Richfield-Olive bridge, would begin work on the span just as soon as the contract was signed. That, he said, would be done in a very few days. Hudson will have 150 days in which to complete the bridge. His bid on the span was \$44,000.80.

Hudson is now making his business headquarters in Los Angeles, having moved to that city recently from the East.

Dr. Mark Meyers, Urologist, 110 1/2 East Fourth is home and ready to see patients.

Thursday Specials

For One Day Sale only—Tomorrow One of the Stirring Features of our

July Clearance Sale

BARES PAYMENTS OF WINE PARTY 'HUSH' FUND

United Press Leased Wire
BOSTON, July 13.—David Stone-
man, attorney, described to the su-
preme court here today a conference
of Boston and New York movie mag-
nates where it was decided the
"cheapest and easiest way out" of
the Mishawum manor midnight party
was to pay over \$100,000 to the
"squawbers."

At the conference, held in New
London, Conn., July 2, 1917, Hiram
Abrams gave a check for \$52,250, a
note for \$25,000 and 500 shares of the
Famous Players-Lasky company, to-
gether with another note for \$7750.
Stoneham declared. He said he
brought the money to Boston.

The day following, Stoneham said,
he called on Daniel H. Cookley, a
Boston attorney, and gave him a per-
sonal check for \$32,750 and Hiram
Abrams' note for \$52,250.

This money, he said, was to be
used to "settle any claims" growing
out of the "Brownie" Kennedy Mish-
awum manor affair.

Stoneham told of various confer-
ences in which Hiram Abrams,
Adolph Zukor, Jesse Lasky, Golden
Walter Greene and Harry Asher dis-
cussed the best method for avoiding
publicity. He said it was unani-
mously agreed the matter should be ad-
justed speedily and it was decided to
collect \$100,000 as the amount of
final settlement.

PLAN INSANITY PLEA IN MULLICANE TRIAL

United Press Leased Wire
KANSAS CITY, Mo., July 13.—
Clara Mulligane, 15, sister of the ac-
cused girl, will be star witness for
the defense in the trial of Eric Mul-
licane, Lebanon, Mo., girl, at Los
Angeles on a charge of murdering
her infant child, it was declared
here today.

Clara and attorneys in the case,
who have been in Lebanon taking
depositions for the trial July 26, of
W. E. McComb, wealthy Lebanon
banker, as the father of the dead
child, passed through here today en-
route to Los Angeles.

Attorneys said questions asked in
the Lebanon deposition taking in-
dicated the defense of Miss Mul-
licane would be "temporary insanity."
Her mother testified she had been
struck on the head with a horseshoe
when she was seven years old.

UNITED PRESS HEAD HOME FROM EUROPE

United Press Leased Wire
NEW YORK, July 13.—W. W.
Hawkins, president of the United
Press, returned today from a sev-
eral weeks' trip through Europe,
where he visited the bureaus of his
organization and conferred with the
heads of the British, French and Ger-
man governments.

"Europe is making steady progress
toward reconstruction, but normalcy
is not yet in sight," he said, when
he arrived on the Olympic.

"There was tremendous interest
everywhere in disarmament, which is
regarded as the first big step toward
lightening the world's tax burden."

The United States will be repre-
sented at the Woman's International
League for Peace and Freedom, to
be held in Vienna, by twenty dele-
gates and ten alternates.

PACKER OFFICIALS GIVE TESTIMONY IN ILL. GRAFT PROBES

SPRINGFIELD, Ill., July 13.—Of-
ficials of two large Chicago packing
companies today told the Sangamon
county grand jury what they knew
about alleged juggling of \$10,000,000
state funds by high officials.

The grand jury is probing charg-
es that Governor Small and Lieu-
tenant Governor Stirling misused
state funds while serving as state
treasurers. W. W. Sherman, assist-
ant treasurer of Swift and company,
and Fred W. Crowell, treasurer of
Armour and company, were called
before the investigators to present
their company's side of the trans-
action whereby the packers obtain-
ed the huge loan.

ACCUSED WOMAN IN SLAYING COLLAPSES

CLEVELAND, O., July 13.—Mrs.
Catherine Eva Kaber was carried
out of the courtroom today when she
collapsed during the testimony be-
ing given by her brother, Charles
Brickel.

Brickel was being questioned con-
cerning his mother, Mrs. Mary A.
Brickel, also under indictment for
the murder of the wealthy Daniel
Kaber.

Brickel was asked if his mother
had set fire to the Kabers home.

He replied that his mother did not
set fire to the house, that she was
sick at the time and that "they
could prove it."

Mrs. Kaber, who had been watch-
ing her brother intently, fell from
her chair to the floor, shrieking
hysterically, when her brother
reached this point in his testimony.
She collapsed and was carried from
the courtroom. When she was re-
vived, Mrs. Kaber cried, "Marian,
Marian!"

Marian is her daughter, Miss Mar-
ian McArdle, 21, also under first de-
gree indictment in connection with
the murder.

HEAVY CORN GROWTH REPORTED IN NORTH

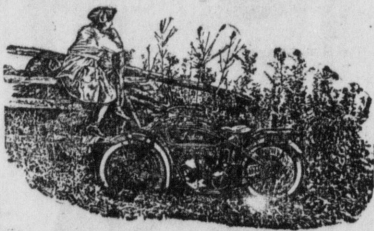

CHICAGO, July 13.—C. H. Olinger,
a rancher on the Oroville road, re-
ports that he had an unusual corn
crop this year. He reported that he
has growing on his ranch 30 acres
of corn, 12 feet high and bearing an
average of four ears to the stalk,
and on some stalks there are six
ears.

NEW IMMIGRANT LAW HITS U. S. GOLF PLAYER

United Press Leased Wire

NEW YORK, July 13.—James M.
Barnes of New York, famous pro-
fessional, who represented the
United States in the recent British
open golf championship, was barred
from re-entering this country today
under the new immigration laws.

Although Barnes has lived in the
United States sixteen years, he has
only taken out his first citizenship
papers and is still technically a
British subject. He arrived here on
the Mauretania.

The law, under which Barnes was
retained, was recently enacted by
congress, limiting immigration
from any one country, to three per
cent of its nationals already here.
Barnes' friends immediately set to
work to effect his release and it was
believed this would be accomplish-
ed within a few hours.

Of the Mauretania's 1055 passen-
gers 263 were detained, including
twenty-three from the first cabin.
Among them was Michael and Vera
Fokine, Russian ballet dancers, and
their fifteen-year-old son. They had
appeared in this country before and
were to begin rehearsing a new bal-
let here at once.

BLOODY AX IS CLUE IN BRUTAL ATTACK

United Press Leased Wire
SALINAS, Cal., July 13.—The un-
known victim of a brutal axe assault
in the "hoboes' jungle" here yester-
day was today identified as William
Aldrich, The Dalles, Ore., a railroad
switchman and a member of the or-
der of Moose. He was lying in a local
hospital in a semi-conscious con-
dition between life and death today.

Aldrich was found yesterday with
a huge gash in his skull. A bloody
axe was found nearby. Because of
his condition the police have been
unable to question him.

Nothing is known of the assault.
The police have no clue to the per-
petrator, and have been unable to
discover any motive for the crime.

Aldrich was unidentified for some
time because the rescuers in their
haste discarded his coat. The coat
was later found. One of the pockets
contained a Moose card and card No.
75 in the railroad switchmen's union.
There is a slight chance that Ald-
rich will recover.

DIRECT TO HAVANA

SAN FRANCISCO, July 13.—Di-
rect freight service between San
Francisco and Havana is announced
by the Robert Dollar Steamship
company. The freighter Stanley Dol-
lar, leaving here July 30, will inau-
gurate the service. Havana will be
made port of call for vessels sail-
ing for New York and also on the
return of these vessels to San Fran-
cisco from Atlantic ports by way
of the Panama canal.

is Inspection Day

The officers and directors of the Ameri-
can National Bank extend to you a cor-
dial invitation to attend a public recep-
tion for the inspection of the most mod-
ern and complete banking facilities in the
Orange Belt.

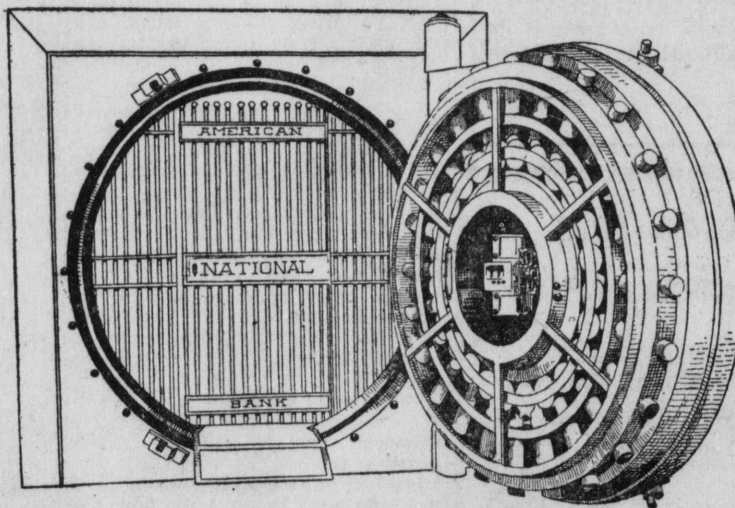

July 16th

3 to 8 P. M.

You will be especially interested in our
new wonderful circular safety vault door
which was recently installed.

This door is the last word in safety door
construction — absolutely fireproof and
burglarproof.

No business will be transacted during the
inspection hours. Come and make
yourself at home.

New Burglar and Fireproof Vault

The Register of Saturday, May 14th,
says:

"Interested spectators this morning
watched the unloading and installing
of a new vault door at the American
National bank. The door, which is a
product of the Mosler Safe company,
Hamilton, Ohio, is declared to be the
first triple pressure vault door to be
installed in the western states. All
vault doors heretofore have been dou-
ble pressure and when the company
changed to triple pressure it cost \$1-
000,000 to alter the dies of the ma-
chinery so that the new doors might
be turned out. The circular door,
which is one of the only two in the
state is seven feet in diameter and is
ten inches thick. As it fits into the
frame, the joining is so perfect that
there is no possible means of getting
anything between the two. It is said
to be absolutely burglar proof. The
door, which weighs the mere trifle of
15 tons and cost \$10,000 is the most
modern door made, it is said."

Mr. and Mrs. C. Robinson Entertain S. S. Class At Beach Cottage

Members of the Two-In-One class of the First Methodist church were the dinner guests, Monday evening, of Mr. and Mrs. Charles Robinson at their cozy new cottage at Newport Beach.

Places were marked for fifty members at prettily-appointed tables loaded with everything good that goes to make up a beach dinner, topped with home-made pie and sherbet.

Mrs. Robert E. Garner and Sidney Saunby assisted the hostess.

A short business meeting was held during the evening, the remainder of which was pleasantly spent in a jolly social time.

Mr. and Mrs. Robinson's guests were:

Messrs. and Mesdames Roland Kloess, Herbert Witt, Hartley, A. L. Hardin, George Cocking, Turton, Kaufman, Robert Garner, Kenneth Stowe, Herschel Clayton, Horace Snow, E. L. Warner, H. D. Meyer, Sidney Saunby, W. G. Finn, Frances Howell, and the Misses Gertrude Humphrey, Naydine Warner and Florence Hardin.

Mark Departure of Friends With Beach Party

A lovely farewell party was given last evening for Mr. and Mrs. R. J. Brown, 925 East Chestnut street, who are leaving soon for a two months' visit at Mr. Brown's old home near Toronto, Canada.

Several of their friends and neighbors motored with them to Newport Beach for a picnic supper and swim, spending the remainder of the evening on the sands and boardwalk.

Others of the party were: Messrs. and Mesdames John Baker, E. L. Peacock, Mrs. Dora Gilhes, the Misses Pearl Pankey, Hannah Marston, Isabelle Brown, Jeanette Peacock, Aubrey Gilhes, and Mr. Ruol Loucks.

Mrs. Alice Turner Hostess At Pretty Luncheon

Mrs. Alice Turner was a charming hostess yesterday noon at a cozy little luncheon, at her home, 108 East Eleventh street.

Her guests were: The Rev. and Mrs. William Jay Richards, Mrs. Ruth Wailes and Mrs. A. A. Jones and daughter, Eunice.

Mrs. Dave McBurney To Entertain At Beach

The members of the Busy Bee sewing club are to be the guests of Mrs. Dave McBurney, all day tomorrow at her pretty beach cottage at Newport. The husbands of the members are to be guests at dinner at noon.

Social Calendar

July 14—Bridge party, Orange County Club, 8 o'clock.
July 15—Meeting, Fraternal Aid Union, at M. W. A. hall, 8 p. m.
July 16—Picnic, Ohio state, at Sycamore grove, Los Angeles, all day.
July 18—Daughters of Veterans to be guests of Long Beach Tent, luncheon, 6:30 p. m.
July 23—Illinois picnic, at Bixby park, Long Beach.
July 30—Indiana picnic, Exposition park, Los Angeles.

Mrs. Housewife, perhaps there are a few things about electric cooking you would like to ask about. See Mrs. Souderman at Granger Electric Co., 306 West 4th street any day this week. Actual demonstration.

FARMERS' FINANCE BODY COMPLETE

CHICAGO, July 13.—The organization of the \$100,000,000 Farmers' Finance corporation, a subsidiary of the United States Grain Growers, Incorporated, was completed by the election to a vice-presidency of George C. Jewett of Spokane, general manager of the Northwest Wheat Growers' association. The executive board was also named, consisting of the following officers, elected Friday:

W. F. Schilling of Northfield, Minn., president; Adams L. Middleton of Eagle Grove, Iowa, vice president; F. M. Midge of Peru, Ill., vice president; H. H. Avery of Wakefield, Kan., secretary, and James K. Mason of Milton, Ind., treasurer, and Mr. Jewett, Harry W. Robinson of Cleveland, O.; C. H. Hyde of Alva, Okla., and U. L. Burdick of Williston, N. D.

The board was empowered to begin immediately negotiations to obtain a nationally known financier to become general manager of the company.

—Be sure to see Wear & Tear at the Temple this week.

County Park Is Scene of Jolly Family Reunion and Picnic

A jolly crowd held an all-day picnic and family reunion at the Orange county park last Sunday.

Everything palatable was brought forth from picnic boxes and hampers, and spread upon the long table that seemed to fairly groan with its weight of picnic goodies, and the delicious coffee was made by one of the party, Mr. W. V. Allen, who seems to have a reputation for brewing good coffee.

Those present were:

Mr. and Mrs. S. A. Martin, and daughter, Frances, of Burbank; Mr. and Mrs. Emmett Lyon, Mr. and Mrs. Virgil Baretta, Mr. and Mrs. Henry Berning, Mr. and Mrs. Clarence Berning and children, Harold and Lillian, of Los Angeles; Mr. and Mrs. Phillip Brown, and daughter Lois, of Pomona; Mr. and Mrs. D. J. Shaw, and sons, Lubel and Raymond, of Capistrano; Mr. and Mrs. Ed Quick, and children, Marian, Maxine, and Lewis, of Irvine; Mr. and Mrs. M. V. Allen, and sons, Ernest and Carl, of Orange.

Personal

Mr. and Mrs. Harry Leipsic and daughter, Martha, have returned from a pleasant stay at Ocean Park. A. Henry Grochow, 601 East Walnut street, left yesterday morning for Stockton on a few days' business trip.

Miss Grace Bamford and Miss Nette Goldenberger of the Meyer apartments are spending a vacation at Catalina Island.

W. S. Suddaby and family are vacationing at Giant Forest, Calif. The same old story. E. M. McIntyre writes from Gregory, South Dakota: "Please keep the Register coming to us. We expect to move back to Santa Ana about September first."

F. H. Cloyes and Cloyes Evans have gone to Big Bear for a short vacation.

Mr. and Mrs. L. H. Farquhar and daughter, Phyllis, spent Sunday in Redlands with Mrs. Farquhar's sister, Mrs. C. A. Tucker. Mrs. F. C. Matthews, who is also a sister of Mrs. Tucker, is spending the week with her. The Matthews children are with their mother.

Mr. and Mrs. C. L. Griswell today were completing arrangements for going to the San Juan hot springs tomorrow for a sojourn of a month. Mrs. Walter R. Fine and children have returned from a stay of two weeks at the San Juan hot springs.

Mr. and Mrs. C. E. Dessery, visited Mrs. Dessery's brother, R. A. Newton, and family, of Corona, the latter part of last week.

Important! Attention!

A meeting of Huntington Central Oil Co. stockholders will be held at the city hall council chambers, Friday, July 15th at 7:30 p. m. It is to your interest to attend this meeting. Be on hand. Committee.

Does electric cooking make the food more wholesome? See Mrs. Souderman at Granger Electric Co., 306 West 4th street, any day this week. Actual demonstration.

One of the oldest insurance policies on record was that of a man who insured himself at Lloyd's against the consequences of laying violent hands on his mother-in-law.

THE HAWK.

Why should I call you
Bird of prey,
Because you fright
Small mice at play,
Since the red-throated swallows
fly
As swift to kill, as hungrily?

I'll not abuse
Your thirsty beak,
Nor will that strong
Shoulder murder weak.
Since stronger against strong
makes strife,
And death is almoner to life.

The troubled world
Is ordered so,
And still one works
Another's woe,
Yet sometimes walls of earth
grow thin,
And heaven's own kindness
looks in.

A mask may hide
A gentle face,
And earth hide heaven's—
That shining place
Where you and I, brown bird,
go free
Of mortal lust and cruelty.
—Ruth Manning Sanders.

What Southern California Women's Clubs Are Doing

To mark the beginning of the fall session of the Woman's club of San Bernardino, plans are under way for a Fall Flower show. Ever since the successful event held five years ago there has been a current of interest and enthusiasm among the clubwomen to repeat the experiment.

Plans were well advanced for a spring showing during the war, but the sentiment changed with the pressure of patriotic work and the movement was abandoned, the carrying out of the plans not being deemed expedient and enthusiasm lacking.

It has been revived and announcement is made thus early of the intention, that the many growers of beautiful fall flowers in San Bernardino may have ample time to "pet" their dahlias and chrysanthemums and fall roses, to stake and anchor them in the way most conducive to splendid results in the autumn.

The chrysanthemum and dahlias cups may change hands again and there will be other awards. Mrs. R. B. Peters, the new president of the club, is especially interested in all horticultural work and Miss Harriet Curtis, who had a "leading role" in the management of the former show, will act as chairman for this fall's event.

Plans will be outlined and committees named in time for active preliminary work. The time must necessarily be tentatively set, so far ahead, but it is likely the opportunity for the show will be the last week in October, or early in November, depending somewhat on the season. Let everyone take inventory of their gardens and the prospect for fall blooms.

Entertain Members of Delta Alpha Class of Methodist Church

The Misses Cora and Tessie Winter and Mrs. Bertha Murphy very delightfully entertained the Delta Alpha class, of the First Methodist church, last evening, at their home on Nineteenth street.

An interesting business meeting was held, presided over by the president, Miss Mattie Smith.

The following officers were elected for the next six months: President, Mattie Smith; vice president, Mrs. Bertha Murphy; secretary, Minnie Wild; assistant secretary, Bertha Wilcox; treasurer, Olive Briney; reporter, Charlotte Carhart.

After the business meeting a pleasant social time was enjoyed. Little Miss Mildred Paul gave several readings which were much appreciated. The hostesses served delicious ice cream and cake.

UP-STATE NEWS

CHICO—J. Irving Bedford and party of twelve will attempt to climb Mt. Shasta. This is according to an announcement made by Bedford before he left Chico. Bedford's companions will be a number of students at the Chico state normal school at Sisson.

RED BLUFF—G. G. Stice, city trustee and business man of Red Bluff, enjoys the distinction of being the first to sign a contract for an exhibit at the Tehama county fair to be held the first week in October. He will exhibit auto tires and automobile accessories. George Wahl, manager of the county fair, said he expected applications for exhibit space to come in rapidly now, adding that 250 exhibitors thus can be accommodated.

WOODLAND—Less than twenty-five per cent of the usual number of Woodland people who go away from home annually on summer trips this month, are now enjoying their vacations. Railroad and garage men say that but comparatively few Woodlanders have left town for summer resorts. Ordinarily the exodus is large in July.

HANFORD—The attention of Poland China breeders in this county is now being directed to the futurity class at the state fair and also the big futurity at the national show in Peoria, Ill. Among the local breeders who have entered in the futurity classes are: A. L. Bassett, M. Bassett, Bassett Bros., W. L. Haag and Son, H. D. McCune, Fred D. Ross, W. D. Trewhitt and R. Waltz.

TAFT—Postmaster A. C. Parsons has given out a summary of the business of his office for the fiscal year ended June 30. It shows a tremendous increase. The office handles 100 sacks of mail every day, which is more than is handled at postoffices in many cities of a larger population. In 1920 the total number of people served was about 10,000 and in 1921 approximately 18,000. The total receipts for last year were \$461,975.93. This year they jumped to \$583,911.46, an increase of \$161,935.52.

S. A. Royal Arch Masons To Entertain In Honor of Grand High Priest

Royal Arch Masons are anticipating a great treat tomorrow evening when Mr. Mattison B. Jones, of Los Angeles, most excellent grand high priest of the Grand Royal Arch chapter of the state of California, is to be the guest of honor at a banquet at 6:30 o'clock at the Masonic hall.

All Royal Arch Masons are cordially invited to meet and hear Mr. Jones, who is considered one of the greatest Masonic orators in the state.

Theatres

Camille's Birds made a distinct hit last night at the Yost theater, where the Mieklojohn and Dunn road show was greeted by a large audience. The various acts will be repeated tonight.

Mme. Camille is without a doubt a very beautiful woman but she needs must take second honors, for her thirty Australian birds are about the most beautiful feathered creatures that have ever been seen around here. These birds present a regular show in eight acts, closing their performance with a scene in which they are a fire brigade working at a fire. They salvage the furniture and save the occupants of the building just like any regular fire department would do.

Leo Miller, the Orpheum musician, known as the musical clown, "topped the show" last night with his offering "from jazz to opera." He is a wizard with the violin and his burlesque provides plenty of comedy.

The Northern Comedy Four, a quartette of "rubes," provide plenty of harmony and comedy with their offering and were well received. Gard and Gard, with their western novelty shooting act, have something out of the ordinary that pleases.

The feature picture, "Out of the Chorus," featuring Alice Brady, was shown for the first time last night. It is probably the best picture this popular star has yet appeared in. Always a great local favorite, she reaches great heights in her latest offering.

COUPLE MEET DEATH WHEN AUTOS CRASH

TOPEKA, Kan., July 13.—A motor car collision near here in which two motor cars, six cases of dynamite and a large quantity of nitroglycerine in figured, brought death to M. A. Ross, an oil well shooter, and his wife, and the injury of four other persons.

The explosive played only a minor part, however, for although it was scattered along the highway for considerable distance, it failed to explode. The victims were killed and injured by the crash of the machines.

ANNEXATION APPROVED. Acting on a petition submitted by the residents of the Savanna school district, the board of supervisors approved the annexation of that district to the Anaheim Union High school district. The petition was substantiated by the recommendation of the county school superintendent.

BRITISH ATHLETES SEEK U. S. HONORS

Track and Field Stars of England To Meet American College Teams

United Press Leased Wire
NEW YORK, July 13.—Although the international polo cup and the British "open" golf cup slipped off England's soil, John Bull will get a chance to even up matters a little in the next two weeks.

A band of British invaders arrived today when the track teams of Cambridge and Oxford landed from the Olympic to engage the combined teams of Yale, Harvard, Princeton and Cornell.

These track athletes rank among the best England possesses and the seventeen collegians on the combined teams may give the Americans a stiff argument.

Ten events are on the program in each meet and the British scoring system will be used. The winner only will get a point.

The form shown by George Duncan and Abe Mitchell, the two British golf professionals here for an exhibition tour, when they beat Jack Hutchison and Tommy Kerrigan in the match that finished yesterday, indicates that both will be strong contenders in the American open championship next week in Washington.

Britain walked off with the American title last year and if Mitchell or Duncan can defeat Hutchison and his American band, the British will be avenged for the loss of their "open cup."

MARTIN KNOCKS OUT MORAN IN SEVENTH

NEW YORK, July 13.—Bob Martin, heavyweight champion of the A. E. F., knocked out Frank Moran in the seventh round of a contest last night hooked for twelve rounds. A series of right and left hooks to the body and face ended the bout. Moran was in poor condition, but he had the soldier in danger in several of the early rounds when he landed heavy rights.

TWO ARE TIED FOR GOLF CLASH HONORS

CHICAGO, July 13.—Ruddy Kepper, Sioux City, and Harrison R. Johnson, St. Paul, were tied today for the low score of the Western amateur golf championship, following their brilliant play of yesterday. The two finished with cards of 149 for the two days of qualifying play.

THREE BROKERS SHARE ALIKE IN COMMISSIONS

SACRAMENTO, July 13.—Judgment of the superior court of Tulare county in a suit which was the outcome of a dispute between J. Goree, J. E. West and J. W. Fewel, three Visalia brokers, arising over the division of commissions on the sale of land owned by J. F. Gibson, A. W. Quinn and F. C. Snell, valued at \$65,000 was affirmed here by the third district court of appeal. It was held by the court that the three men had contributed to the sale and should share equally in the commissions.

THIS TIME LAST YEAR
Shocker, St. Louis Browns, struck out Babe Ruth three times and eleven others.
Chapman's hit was the only one made off Rummel in eight and two-thirds innings, but it drove in the run that gave Cleveland a 1 to 0 win over the Athletics.

INDIANS TAKE PAIR FROM RED SOX TEAM

CLEVELAND, July 13.—Cleveland won its second double header in three days by defeating Boston, 7 to 1 and 6 to 4, yesterday. Coveleskie kept the Red Sox hits scattered in the first game while Cleveland found Bush and Karr for thirteen hits, including eight two base hits. (First game)
Boston 1 7 0
Cleveland 7 14 0
Boston—Bush, Karr and Ruel; Cleveland, Coveleskie and Nunnemaker.

(Second game)
Boston 4 11 4
Cleveland 6 11 2
Boston—Myers, Thormahlen and Walters; Cleveland, Caldwell and Shinnault.

SENATORS NOSE OUT SIX
CHICAGO, July 13.—Washington bunched hits and defeated Chicago, 8 to 7, in the first game of the series. The locals staged a ninth inning rally, but Schacht was called to the mound and succeeded in preventing a score.
Washington 8 10 3
Chicago 7 13 4
Washington—Coudrey, Schacht and Charney; Chicago, Wilkinson, Wieneke and Schalk.

YANKS DEFEAT BROWNS
ST. LOUIS, July 13.—Babe Ruth, by knocking two home runs yesterday, brought his record for the season to thirty-four and gave New York the victory over St. Louis, 6 to 4. Schang and Shawkey were on the base in the third when the first circuit drive was made. No one was on base when Ruth made the second in the seventh. Ruth began the day by striking out and finished by knocking a double in the ninth.
New York 6 11 0
St. Louis 4 10 1
New York—Shawkey and Schang; St. Louis, Davis and Collins.

TIGERS WIN LONG GAME
DETROIT, July 13.—Detroit won from Philadelphia, 2 to 1, in the sixteenth inning. Sargent tripped and crossed the plate with the winning run on a sacrifice fly.
Philadelphia 1 12 0
Detroit 2 14 1
Philadelphia—Naylor and Perkins; Detroit, Leonard, Middleton and Bassler.

(Advertisement)
HERBS USED IN MEDICINES
A Manchester, England, paper urges the renewed cultivation of old fashioned medicinal herbs in English gardens. In the United States they have also gone out of fashion as a feature of the small garden, although they are imported in large quantities from Turkey, India and China, where they are grown purely for commercial purposes, as their medicinal value is recognized by many leading physicians. Tons of medicinal herbs are used annually in the preparation of Lydia E. Pinkham's Vegetable Compound, a most successful medicine for women's ills. It contains no narcotics or harmful drugs, and women afflicted with such ailments should try it. Adv.

POSTPONE GAME IN CITY TITLE CLASH

Players Missing As Stage Set For First Game; Teams To Meet Friday

The scheduled game for the city baseball championship between the First Methodists, title holders in the Church league, and the Spurgeon building, winners of the Industrial league, was postponed last night. When the time to call the game had come, several players from both teams were missing.

A practice game was played, however, the Spurgeons knocking the ball to all corners of the lot in the four innings of play and winning 8 to 0.

Jack Wallace, manager of the Spurgeon team, and F. C. Blauer, representing the Methodists, have decided to play the first game of the big series Friday afternoon and the second game next Tuesday. Should a third game be necessary it will be played the following Friday.

PHILADELPHIA EASY FOR PIRATE OUTFIT

PHILADELPHIA, July 13.—Pittsburgh hammered Baumgartner, Hubbell and Sedgewick for a total of 17 hits and won an easy victory over Philadelphia by the score of 9 to 4.

Pittsburgh—Cooper and Schmidt; Philadelphia—Baumgartner, Hubbell, Sedgewick and Bruggy, Lee.
GIANTS WALLOP CARDS
NEW YORK, July 13.—The New York Giants defeated St. Louis in the first game of the series, 8 to 2. The Giants knocked Haines out of the box in the fourth inning when Kelly hit his thirteenth home run of the season with a man on base.

St. Louis 2 4 5
New York 8 12 0
St. Louis—Haines, Bailey, Riviere and Clemons; New York—Barnes and Smith.
LOSERS TOUGH GAME
BOSTON, July 13.—Oeschger defeated Alexander in a ten-inning battle here yesterday, the first of a five-game series between the Cubs and Braves. The score was 2 to 1, Oeschger scoring the winning run in the tenth when he singled, went to second on Powell's sacrifice, took third on Southworth's fly to Flack. Alexander led the Cubs at the bat with three singles. Gowdy for the Braves got a double and a single.
Chicago 1 7 1
Boston 2 8 1
Chicago—Alexander and Killifer; Boston—Oeschger and Gowdy.

REDS DOWN DODGERS
BROOKLYN, July 13.—Marquard's pitching and hitting enabled Cincinnati to defeat Brooklyn, 5 to 3. The Reds batted Schupp hard.
Cincinnati 5 13 0
Brooklyn 3 9 0
Cincinnati—Marquard, Luque and Hargrave; Brooklyn—Schupp, Mitchell and Miller.

TIGERS WIN CLOSE CONTEST FROM DUCKS

LOS ANGELES, July 13.—Staging a ninth inning rally which netted two runs, Vernon yesterday pulled a game out of the fire when all indications pointed to a Portland victory. Portland scored one in the first half of the ninth, breaking a 2-2 tie. Things began to pop in the Vernon half. Red Smith led off with a double and scored on Hyatt's single. Eddington drove Hyatt in with the winning run.
Portland 3 7 4
Vernon 4 14 0
Portland—Pillette and Baker; Vernon, Faeth and Murphy.

ANGELS DUMP BEES.
SALT LAKE, July 13.—Crandall pitched great ball against Salt Lake and the Angels won, 11 to 4. The visitors won the game in the first inning when they made five tallies, three of them due to Niehoff's homer. Niehoff's batting was a feature, getting five hits, one a homer and one a double.
Los Angeles 11 16 0
Salt Lake 4 6 1
Los Angeles—Crandall and Baldwin; Salt Lake, Thurston and Lynn.

SOLONS BLANK SEALS.
SACRAMENTO, July 13.—Sacramento took the opening game of the series from San Francisco, 7 to 0. The visitors played a poor game in the field, making six errors.
San Francisco 0 4 6
Sacramento 7 9 0
San Francisco—O'Doul, McQuaid, Rocks and Telle; Sacramento, Prough and Elliott.

OAKS WALLOP SEATTLE.
SAN FRANCISCO, July 13.—Oakland gave Seattle a 10 to 1 drubbing as a result of Schorr's wildness. Four of the Oaks' runs came in the first inning. Knight scoring three of them with a homer into the left field bleachers. In the fourth the Oaks pounded Schorr again for four hits that netted five tallies.
Seattle 1 8 0
Oakland 10 15 0
Seattle—Schorr, Francis and Spencer; Oakland, Alten and Koehler, Read.

The members of the Union club of New York wear their hats when in the building. It was explained: "It is a traditional rite, but we take them off when we eat."

—Have you seen Wear & Tear at the Temple this week.

75,328 FANS PAID \$1,552,422.15 TO WITNESS BIG BOUT

NEW YORK, July 13.—Jack Dempsey and Georges Carpentier fought before 75,328 "paid" spectators, according to figures of the New Jersey State Boxing commission. The receipts exclusive of the war tax were \$1,552,422.15. The figures do not include 1,147 employees and 778 working press tickets.

Tabulation shows there were 13,935 seats sold at \$50; 3,192 at \$40; 2,228 at \$30; 14,318 at \$25; 24,441 at \$20; 13,639 at \$15; 18,106 at \$10 and 7,469 at \$5.50.

COLLEGE ATHLETES ENTER BIG LEAGUE

NEW YORK, July 13.—Howard Berry, formerly one of Pennsylvania University's greatest athletes has agreed to terms with the New York Giants and will sign a contract to play professional ball.
Bill Warwick, end of last year's eleven and catcher on the nine, also signed a contract with the Pittsburgh Pirates.

Lake Victoria, in Africa, the second largest fresh water lake in the world, is almost circular.

GOODYEAR

A Real Bargain for Owners of Small Cars

In the past five years nearly 5,000,000 of these popular 30 x 3 1/2 inch Goodyear non-skid tires have gone into service. More than a million of them are in use today.

Now you can buy these tires, of big size, strong construction, and long-wearing treads, at the same price you are asked to pay for unknown brands.

Why take a chance on unknown tires, when you can get Goodyear quality at as low a price? See your Goodyear Service Station Dealer today.

SILKS
Strenuous efforts have been
made by our New York affilia-
tions to place before the pur-
chasing public in Orange
County such prodigious values
in silks in all the different
weaves, finishes and colors
that we feel mystified at the
result.
—And to prove to the most
skeptical of buyers that un-
bounded success has crown-
ed their labor we have be-
low a few of the many bar-
gains that is in store for you
at our silk counter during our

Twice A Year For 35 Years

—We have conducted these special semi-annual Clearance Sales—sales
which have become looked-for events in Orange County.

—While this sale is primarily to clear our shelves of all Summer Goods
to make room for early fall shipments, we include in the reductions ev-
ery article in the store without exceptions or reservations.

—These half-yearly sales have kept this 35-year-old store young, new
and progressive. Rather than carry any stock over from one season to
another we aim to make a complete clearance by offering special
price inducements.

—And a good feature of these sales is that they are started early en-
ough in the season so our customers can immediately get the benefit
of the articles they buy—while they are new, seasonable and in style.

—The Reinhaus Store enjoys a well earned reputation for at all times
giving good honest values, so when anything is placed on sale here the
public expects extraordinary values.

—This sale will be no exception to the rule. You may come expect-
ing most unusual price concessions and we are sure your expectations
will be gratified.

—We would like to stress two points. First, if you come early you are
assured of better selections in all departments. Second, space in this an-
nouncement permits listing only a limited number of items. Come in and
you will find an endless number for your inspection.

That's The Story of This Sale In A Nutshell

START WORK ON AUTO CAMPING PARK ON MAIN

"We are going to have one of the
best auto camp grounds in Southern
California."

This was the expression today of
Charles F. Smith, president of the
Santa Ana chamber of commerce.

He referred to the camp site on
Santiago creek, just east of the
Main street bridge, recently pur-
chased from the Pacific Electric by
the chamber.

Work of shaping the grounds in
preparation for installation of ser-
vice for campers was in progress to-
day.

Haul Old Paving Material
Paving material from Main street
is being hauled to the site and
spread on the ground. The material
is ideal for the purpose of placing
the ground in condition for the camp.
"We have a man there today look-
ing after the spreading of the mat-
erial," said Smith. "In addition to
placing the material on the ground
the concrete is being dumped along
the south bank to strengthen the
embankment."

"I know of no better site for a
camp in the state than we have
here. A row of poplar trees lines
the creek bank on the north of the
tract, while on the south side there
is a row of eucalyptus trees."

Eucalyptus Trees
"At the east end of the tract
there is a grove of eucalyptus trees,
offering shady and comfortable
camp sites for tourists who are trav-
eling through this section and want
to stop over here for a night or a few
days."

"We have a frontage of seventy
feet on North Main, and it is pos-
sible an oil station will be estab-
lished to serve campers and the pub-
lic."

"We have not yet fully decided
the character of camp facilities we
will install, but they will be of a
class that will make the camp dis-
tinctive and offer conveniences and
a service that will not be excelled by
any of the established camps of to-
day."

NAVAL RESERVISTS TO VISIT CLEMENTE

Naval reserve men of Orange
county will have an opportunity to
see San Clemente Island Sunday.
Lieutenant J. B. Blee, of Santa Ana,
commander of the Orange county
unit of the naval reserve, is sending
postal cards to the 175 members of
the unit in this county, notifying
them that a cruise has been arranged
for Saturday night and Sunday.
Those who are to go on this
cruise must report aboard Eagle
boat No. 12 or Eagle boat No. 34
not later than 11 o'clock next Sat-
urday night," said Blee. "The boats
are at the ferry landing in San
Pedro. The return hour is 5 p. m.
Sunday, July 17."

This is the fourth cruise for the
Orange county unit, and it is the
first with a program taking the men
to San Clemente.

The Pasadena unit of the naval
reserve is to report for the cruise
also.

NOTICE TO MERCHANTS

Business licenses for the third
quarter became due the first of
July and are delinquent on the
15th. Those who have not renew-
ed by that time will have a pen-
alty of ten per cent to pay. Pay-
ment must be made at the office
of the city clerk.

E. L. VEGELY,
City Clerk.

HERE'S PROOF THAT YOUNGSTERS READ ADS IN DAILY 'REGISTER'

Do "kiddies" read the classified
ads in The Register?

Walter Vandermaast, of Vander-
maast and Son, says they do.

He cites as proof an incident in
the young lives of his son Newell,
aged 9, and Maurice Adams, 10,
grandson of F. G. Adams.

Like the good young Americans
they are, the boys are keen for em-
ployment during the vacation period.

A few days ago an advertiser
in The Register announced that he
wanted a tutor for his boy.

Maurice read the ad. "Tutor" to
him meant work. A job, in his be-
lief, was open to him.

He confided in Newell the pros-
pect of a job.

Would Newell join him in applica-
tion to the advertiser for a position?
Newell would. It was agreed that
they should seek the man and apply
for work.

Before starting in quest of the
covey job, Newell told his father
of the advertisement and of the in-
tention of the two lads to seek em-
ployment.

"Father" Vandermaast blew up the
balloon of the embryo workers by
explaining what the word "tutor"
meant.

WILL BUY COOKING TOOLS FOR SCOUTS

The members of the Jack Knife
club of Orange county were happy
today.

No less happy were the Boy
Scouts.

For the youngsters are now as-
sured that when they open Camp
Bixby in Santiago canyon the
kitchen will be fully equipped.

Charles S. Kendall, of Santa Ana,
a member of the Jack Knife club,
today was under authorization of his
organization to purchase a full list
of cooking utensils for the camp, fol-
lowing a meeting of the club last
night at the McFarland cafe, Fuller-
ton.

The club was supplied with a full
list of utensils needed and the mem-
bers voted Kendall authority to buy
the necessary articles from jobbers
and pro rate the cost to members of
the club.

The club membership includes all
the leading hardware dealers in the
county, and twenty-eight were pres-
ent last night.

Albert Hill, of Santa Ana, who is
president of the club, presided.

NO BIDS RECEIVED FOR \$160,000 ISSUE

Directors of the Newport Heights
Irrigation district at Costa Mesa to-
day had under consideration plans
for having a new water distributing
system installed by contractors who
will accept bonds of the district in
lieu of the cash.

The plans await approval of the
state engineer, to whom application
has been made for permission to
readvertise the bonds for sale or
to advertise for bids under condi-
tion that the successful contractor
accept the bonds.

The directors met at the company
office at Costa Mesa late yesterday
afternoon to open bids for the is-
sue of \$160,000 bonds. Considerable
disappointment was felt when the
hour for opening arrived and no
bids were filed for consideration of
the board.

Many inquiries had been made
about the bonds prior to the open-
ing and it was expected that offers
would be submitted.

Fourteen hundred acres are in-
cluded in the district, and a new
distributing system is one of the
imperative needs of the district,
according to the directors.

There is an ample water supply,
the district owning twenty acres of
water-bearing land, purchased some
years ago from James Irvine and
located south of the sugar factory
on South Main street.

It is possible that the bonds will
be readvertised for sale within a
very short time, a telegram having
gone forward last night to the state
engineer asking permission to re-
advertise.

John A. Harvey is attorney for
the district.

ACQUIRE BROWN SHADE AT CAMP ON ISLAND

Everyone of the Orange county
Y. M. C. A. boys and "boys grown
tail" numbering 51, including the
two camp cooks, who were home to-
day from two weeks of joy at Camp
Wilkie, Catalina Island, brought back
with them a healthy nut brown rug-
gedness.

Fifty of the boys are the proud
possessors of a red "C. W." stand-
ing for Camp Wilkie, emblematic of
fine all round camp work.

The ten leaders who accompanied
the boys are also very proud of a
similar remembrance of their trip
given them by their wards, a small
red "C. W." on a blue background.

While in camp an honorary society
was organized with ten charter mem-
bers and fifteen additional members,
who were initiated at camp. The so-
ciety bears the name of "Raz" and
includes two degrees, the "red" and
the "blue." Those who have won the
red degree, meaning sacrifice, wear a
knotted red bandana handkerchief
around their necks, with the knot
falling behind, forming the Y. M. C. A.
symbol, the triangle. Those of the
blue degree, meaning loyalty, wear
a blue bandana in the same
fashion.

The boys were loud in their praises
of their ten leaders, whom they ca-
lared to be "regular fellows." The
Rev. F. T. Porter, camp chaplain,
and J. A. Dowden, of Orange, camp
athletic instructor, were two of the
most popular and important.

CONSTABLE APPOINTED.

The board of supervisors ap-
pointed Alfred Bennett constable of
Seal Beach township. He takes the
place of the constable who held that
office for the past two months and
who resigned last week.

REINHHAUS SALE RECALLS OLD DAYS HERE

The appearance in today's Register
of the announcement of the seven-
tieth semi-annual clearance sale of
Reinhaus Brothers is a signal for
sermon, story and song.

Seldom in this or any other sec-
tion of comparatively recent develop-
ment is such a business record as
that of this pioneer Santa Ana firm
to be found—thirty-five years of con-
tinuous business without change of
firm, character or community loca-
tion.

Reinhaus Brothers (Max and
Julius) are distinctly old school mer-
chants; but that does not mean they
are not enterprising and progressive
—it simply means that the principles
and policies which characterize their
business methods are sound and
changeless in their essential ele-
ments.

Become Institution.

For instance, their semi-annual
clearance sale has become an insti-
tution of the business life of Orange
county. The children and grand-
children of many who purchased
goods at the first Reinhaus semi-an-
nual clearance sale thirty-five years
ago will buy goods during the pres-
ent sale from the same firm, in the
same town, on the same sound mer-
chandising basis that their fore-
bears did over a third of a century
ago.

They Come West.

The story of the founding of the
business is really a story of the
early days of California's develop-
ment, for ten years before the Rein-
haus brothers opened the business
under their own name they came to
Santa Ana from New York city, as
more boys and operated a general
merchandise store for their brother-
in-law, L. Gilmaier.

Gilmaier felt that he saw the op-
portunities in such a business, ac-
cording to Julius Reinhaus, but be-
ing a stock dealer himself and not
conversant with store management,
offered to finance the venture if his
two young brothers-in-law would
come to the new country and man-
age the store. With the love of ad-
venture which is typical of youth,
the young men made the trip west-
ward and in 1875 the new business
was opened. Thus when the time
seemed ripe for the establishment
of a business of their own, the
brothers were conversant with life
in the West.

At the time the Reinhaus Brothers
store was opened Santa Ana was a
small town of approximately 2500
persons. Among the business houses
of that day which are still in exist-
ence, Julius Reinhaus, in recalling
some of their early experiences,
stated that the hardware store of
John McFadden company was then
operated by John McFadden, pioneer
who died a few years ago, and Bundy,
while George Edgar was in the gro-
cery business then, as now.

The Nickey Hardware company
and Sam Hill's hardware store were
early stores here. Men's furnishings
were sold at the Huff clothing store,
operated by the father of the pres-
ent proprietor, W. A. Huff, and
shortly after the opening of the Rein-
haus store, the Padgham jewelry
store was opened.

"It seems a remarkable change,"
stated Julius Reinhaus. "When we
came here, my brother and I, this
was all called cow country, and there
was very little money. The cattle
were valuable, but the market was
remote, San Francisco being the near-
est, and all cattle had to be driven
across country to the market. It
was about the time that my brother-
in-law began shipping the cattle he
bought by steamer to the San Fran-
cisco markets that prosperity seemed
to begin."

**EDUCATION BOARD TO
OPEN 3 SETS OF BIDS**

Three sets of bids are to be open-
ed tonight by the Santa Ana board
of education at its meeting in the
office of the school superintendent,
Spurgeon building.

Bids are to be received for the
sale of two small outbuildings on
the high school grounds. One of
these structures was used to house
some of the equipment of the boys
when military training was included
in the high school curriculum.

Bids for battleship linoleum to be
placed on the library floor of the
high school and bids for plumbing
fixtures for the new athletic train-
ing quarters at the high school are
to be received.

A number of routine matters are
to be taken up by the board tonight,
looking forward to getting the vari-
ous school buildings into shape for
the opening of school in the fall.
Two or three appointments of teach-
ers may be made tonight.

NEAL VERSUS TRIBBEY
Ray Neal, Santa Ana boxer, will
get a return match with Bert Trib-
bey of Santa Barbara at Anaheim
Friday night when the two men will
put on the main event at the fight
arena. Tribbey recently defeated
Neal in two rounds at Delhi.

Wanted. Every housewife in Or-
ange county to call at Granger Elec-
tric Co., 306 West 4th street any
day this week and see Mrs. Sounder-
man demonstrate electric cooking.

EARLY HARVEST OF WALNUTS IS FORECAST FOR THIS SEASON

Big Plant Here To Be Running At Full Capacity By Sept. 15, Belief

BUMPER CROP EXPECTED

Good Prices, Ready Market Anticipated By Growers In This District

The packing house of the Santa Ana Walnut Growers' association will be running to full capacity by the middle of September.

This was the prediction today of J. V. Woodside, secretary of the organization.

His opinion is based on the condition of walnuts at this time.

The nuts are filling out fine and every indication points to the harvesting time coming at least two weeks earlier than in normal years.

Prepare For Bumper Crop

The association is preparing for handling a bumper crop. There will be a considerable increase over the output of last year by reason of new orchards coming into bearing, and old orchards producing heavier than last year.

June has passed and there was no serious dropping during the period of heaviest dropping. Some few nuts are dropping now, but not enough to give the growers any concern.

This year's crop is now considered safe and there is nothing that can change the condition but an unusually hot spell. This is not expected.

Unusual Occurrence

The crop has been damaged only once or twice in the history of the industry by a hot wave.

Growers are "sitting easy" so far as market conditions are concerned. They are anticipating good prices and little difficulty in disposing of this year's crop. The market is practically bare of nuts at this time. The association cleaned up all of last season's crop and the 1919 holdover. It is believed that all of the last two crops have been entirely consumed.

ATTORNEY APOLOGIZES FOR ALLEGED LEVY

Declaring that he meant no offense, James L. Atteridge, Sacramento attorney, wired Chief Justice Angelotti of the state supreme court his regret that any statements in the Elizabeth Lamb inheritance case brief filed by him had been construed as "flippant, and that the brief had been stricken from the files," according to word reaching here today.

Atteridge and J. W. Carrigan acted for State Controller John W. Chambers in presenting a petition to the supreme court for a rehearing of the case, which originated in the superior court of Orange county and was taken to the supreme court on appeal. The petition asserted that the court had "thrown bouquets" at its own decision and had decided the case contrary to universally established principles of inheritance tax law.

In his apologizing telegram Atteridge said that the brief had been prepared hurriedly. He also asked the court to absolve Carrigan, stating that Carrigan's name was signed to the brief only because he was the attorney of record.

The supreme court yesterday ordered the alleged offensive brief taken from the records.

Dr. Mark Meyers, Urologist, 110 1/2 East Fourth is home and ready to see patients.

ALL, NOT ONLY FARMERS, SHOULD READ FARM NEWS

Persons engaged in agricultural pursuits probably read this section of The Register. Persons who have no personal interest may or may not read it. In this connection, C. E. Wahlberg, farm advisor for Orange county, believes that every reader would find something of interest in the farm section, which is printed every Wednesday.

"This matter is gathered together from reports sent out by experts employed by the national and state governments and from personal investigation from the office of the farm bureau," said Wahlberg today.

"The reports are absolutely fair, unbiased and truthful. We aim to bring into our bureau reports, subject matter, that will be of interest to any man who even has as much as a rosebush on his home place or a garden in his back yard where he raises a few vegetables for his table.

"The section aims as well to be educational in all matters of agriculture and the man who desires to be well versed will be able to improve his knowledge on a great variety of subjects by reading the reports. Crop conditions, the crop outlook and aspects of the soil should be known by everyone.

"Practical farm demonstrations, chronicles of farmers meetings, statistics and all of the vital problems should be understood by the business man as well as in the farmer himself and we aim to give out the subject matter just as simply and clearly as possible so that all may understand.

"I believe that any reader of a paper could improve his time by reading the farm sections thoroughly and if he comes across something he would like explained more in detail we will be glad to do it at the farm bureau office."

BARLEY CROP IN COUNTY BEING HARVESTED

Harvesting of the barley crop in Orange county is now in full swing and new grain is coming into the warehouse at Irvine, according to Harry Spencer, manager of the warehouse.

The quality is excellent and the yield is good. The grain is bright and in fine condition, says Spencer.

Market conditions are not the most favorable at this time, and it is reported that few of the growers will let their holdings go at prevailing quotations.

One of the best crops of blackeye beans ever grown in this section is predicted for this year. The vines have a healthy appearance and indications point to a heavy yield.

"We will have high grade blackeye beans this year," was the statement today of Charles Morris, bean buyer and recognized authority on bean culture.

"The blackeye is essentially a dry land bean. This year many acres were planted on lands that formerly have been devoted to limas, being planted before the last heavy rains and when farmers thought the rainfall would not be sufficient to produce limas.

"The condition of the ground, and the late rains are a combination that will make the yield heavy and the quality exceptional. The lima bean ground will hold the moisture and the blackeyes will develop larger and better beans as a result."

SACRAMENTO COUNTY HAS VERY HEAVY LOSS

SACRAMENTO, July 13.—In Sacramento county, particularly in the delta districts, the loss was very heavy from the recent winds. In the down-river pear districts it is estimated the damage will run almost thirty-five per cent. Other fruits were hit, too, but not so badly.

In the upland sections of Sacramento county, according to Farm Advisor N. Y. Harrison, the damage was also heavy. The olive crop in the western part of the county was seriously damaged, and in some orchards of the Arcade district an actual count showed thirty-five pears on the ground against every five on a tree.

State Farm News

PORTERVILLE.—Without permission of Luther Burbank, an apple tree owned by Swan Baker of this city attempted something startling on its own hook. The tree, only twelve years of age, this year produced an 800 pound crop of apples.

SULTANA.—The eleven green fruit packing houses of Sultana are making preparations for their summer packing. Box makers have been employed for several weeks in preparation for the long run. At present nothing is being packed but it is expected that peaches will be ready for shipment about July 15.

SANTA ROSA.—Secretary L. L. Putman of the Sonoma County Fair association announces that a number of the finest herds of cattle in this state have been secured for exhibition at the Sonoma county fair next month. There will also be notable horse, sheep, swine and poultry shows. The goat industry will also be well represented. At the coming fair, it is planned to have an exhibit of every product raised in Sonoma county. The fourteen farm centers will each make a display of the products raised in their respective districts.

RAISIN CITY.—The grape crop is rapidly developing under the warm July sun and this section bids fair to have a crop nearly equal to previous years. There are some muscat vineyards which perhaps show a light crop but these are the exception and unless hot winds damage the fruit the tonnage will be very satisfactory in this district.

MODESTO.—The highest price received for hogs in the state for the past three months, \$10.90 per hundred, was received at the Farm Bureau auction sale held here. There were twenty-one consignors and eighty-eight hogs offered. Sixty-six of these averaged 170 pounds, the top figure; seventeen with an average weight of 849 were sold at \$9.90, and the remaining five averaging 360 pounds brought \$8.40.

MARYSVILLE.—An additional \$1,000 has been allowed by the board of supervisors to Farm Advisor W. Harrison for the upkeep of his office and equipment. In July, 1920, the board allowed Harrison \$2,000. Following application made by assistants in the work with Harrison the sum was increased for 1921-22 to \$3,000.

GALT.—The women of the home department of the Galt farm bureau met in the high school and were given a lesson in the canning of meats by Miss Gladys Nevenzel, home demonstration agent.

CARMICHAEL COLONY (Sacramento).—J. T. Ingram sold his first Hale's Early peaches for \$120 per ton.

40 WOMEN WILL LAY PLANS FOR HOME BUREAU

Important Step To Be Taken At Meeting To Be Held Here Friday

Approximately forty representative women from various parts of the county will attend the meeting here next Friday at which plans for the formation of a farm home department in the farm bureau will be considered, it was stated today.

This conference will be attended by committees of three from each farm center in the county. The delegates will assemble at the farm bureau headquarters at 10 a. m.

"For some time the women of various centers have asked for demonstration work in farm home economics," said Farm Advisor H. E. Wahlberg. "The farm bureau women have felt that they have been overlooked and that many problems of the home offer a good field for extension work and demonstrations."

Wahlberg stated that there had been considerable demand for dress-making demonstrations and also for practical presentation of the art of hat-making, proper use of dress forms, ways of cooking, means of preserving fruit and methods of home decoration, child feeding, home sanitation, and similar matters.

"Help along these lines can all be obtained through the organization of a farm home department," said Wahlberg.

Miss Lillian Clark, demonstration leader from the University of California, will explain the farm home work to the women, who will probably submit their decision to the board of directors of the farm bureau.

The directors and the women will meet jointly.

SATSUMA PRESERVE RECIPES DESIRED

Mrs. Housekeeper, what is your recipe for making jams and preserves from satsuma plums?

Satsumas are ripening and the time for preserving is here. It is said that hundreds of women do not know how to handle them to the best advantage.

It has been suggested that The Register ask for recipes and print a few sent in, in order that those who do not know may benefit by the experience of those who have been successful in preserving the fruit.

The fruit makes a delicious jam or preserve, say those who have used them in this form.

The Register will be pleased to print a few recipes, if housewives will send them in.

Who will be the first to respond?

HUNTINGTON CENTRAL ASSESSMENT MUST BE PAID BY AUGUST 12

Stockholders of the Huntington Central Oil company, operating at Huntington Beach, are given until August 12 to pay an assessment of 1 cent a share levied against their stock. Notices to that effect were being received today by stockholders of the company, several hundred of whom live in Orange county.

Under the order of the directors of the company, the assessment is payable to S. C. Woodward, president of the company, at the office in Huntington Beach.

This company has had somewhat of a stormy career, with its stock skyrocketing as high as 30 and 40 cents a share only to drop within a month to what it is now, noted on the market at 3 cents. The notices to the stockholders state that the money to be raised by assessment is to be used to bring No. 1 well back to production and to open up No. 2 well, which, the notice states, is now down 3,000 feet and close to oil sand. No. 1 well produced \$13,200 in the few days it flowed, then ganded up. Before the well was cleaned out, a week ago last Saturday, the derrick was burned.

HEARING IN BURIAL CLAIM CASE DEFERRED

J. E. Seale, of Fullerton, undertaker, who was cited to appear before the board of supervisors in relation to a claim of \$75 presented to the county for the burial at Fullerton of the body of a soldier who died overseas, did not put in his appearance, the supervisors having continued the hearing until next Tuesday at Seale's request. It is understood that Seale has withdrawn his claim. He said he did not know at the time he presented it that the government had made an allowance of \$100 for the funeral expenses.

PASTOR COOLS CHURCH WITH ICE-COOLED FAN

EAST ST. LOUIS, Ill., July 13.—With the thermometer registering well above 90 degrees, the Rev. Francis Geyer of the First Methodist church here, preached to a cool congregation.

Behind him on the pulpit twelve 100-pound cakes of ice had been placed before a large electric fan. Cool breezes played over the worshippers. Artificial snow was scattered through the aisles.

5000 TREES ARE KILLED YEARLY BY GOPHERS

Morris Tells Huge Damage Done In County To Oranges and Lemons

At least 5000 citrus trees in Orange county are killed annually by gophers.

If the trees were not worth more than \$25 each, and they are worth a good deal more, the monetary loss would be \$125,000.

This is according to county horticultural commissioner Earl L. Morris.

He says there are approximately 50,000 acres of citrus orchards in Orange county and that at least one tree in every ten acres is killed yearly by gophers.

"Eternal vigilance is the only possible safeguard against this enormous loss," said Morris today. "The gopher board bills are a dead loss to orange and lemon growers and it is imperative that something be done to eradicate this pest."

Trapping and poisoning are the two best means to this end, according to Morris. Hundreds of the gophers are exterminated yearly by these two methods, but still they multiply.

There is a large quantity of poison and poisoned bait on hand in the county horticultural commissioner's office in the basement of the courthouse.

Especially Prepared This poison is prepared in accordance with directions from the United States department of agriculture for the particular purpose of killing gophers and squirrels.

Morris says that this poison should be spread over the gopher mounds while the orchardist is working his tract.

Every mound should be treated, Morris says.

To neglect a single one only affords the gopher family an opportunity to expand its activities.

There was about \$2000 worth of strychnine in the commissioner's office last week. Much of this has been distributed.

PRODUCERS SAY MILK PROFITS WIPED OUT

The last reduction of 40 cents a hundred pounds for milk has eliminated the profit of milk producers, according to producers at Cypress and other parts of the county.

They declare that they cannot produce at a profit under the present price of \$3.60 a hundred pounds for milk, with production costs as they are today.

At Cypress the producers point to the fact that pasture land is no longer available for dairy stock and that all feed has to be purchased.

They assert that the decline in feeds has not been in proportion to the reduction made by the producers to the retailers.

Some producers claim that the cut in the retail price of milk to consumers has not been in proportion to the reduction the producers have made. They declare that the producers have been made the "goat" in the reductions that have been made to consumers, and that the distributors have given up none of their profits through the reductions made by the producers in the past four or five months.

Four months ago, the producers accepted a reduction of a little more than \$1 on the hundred pounds of milk and this was followed recently by another reduction of 40 cents a hundred pounds.

Retailers July 1 lowered the price to the consumer 1 cent a pint and 1 cent a quart. The retail price now is 8 cents a pint and 15 cents a quart.

Producers declare that a retail price of 7 and 40 would be a "fifty-fifty break" between the producer and distributor.

BREAKS MOTOR LAW FINES HIMSELF \$1

JAMESTOWN, N. D., July 13.—Records of the police magistrate court here show that J. A. Murphy, the magistrate, fined himself \$1 on a charge he lodged against himself for driving his automobile on the wrong side of the street to avoid an accident.

Murphy was arrested by a patrolman who thought the magistrate "was trying him out." He paid the fine.

Salesman Wanted

SALESMAN WANTED to represent a large grower of fruit trees. Nursery established since 1892 and well known throughout California. A fine opportunity for a good live agent. None need apply unless capable of selling nursery stock and willing to devote entire time. Communicate at once with Elmer Bros., San Jose, Cal.

PASTOR COOLS CHURCH WITH ICE-COOLED FAN

EAST ST. LOUIS, Ill., July 13.—With the thermometer registering well above 90 degrees, the Rev. Francis Geyer of the First Methodist church here, preached to a cool congregation.

Behind him on the pulpit twelve 100-pound cakes of ice had been placed before a large electric fan. Cool breezes played over the worshippers. Artificial snow was scattered through the aisles.

HERE'S HOW GOTHAM CHILDREN COOL OFF DURING HOT SPELL

Children of New York's sweltering East Side don't have to go to Coney Island to get cool. The street cleaning department stages a daily bathing party with street sprinklers.

WILL SHOW HOW TO CONSTRUCT EVAPORATOR

In response to numerous requests, Farm Advisor H. E. Wahlberg has arranged for further demonstration meetings on the home evaporation of fruits, vegetables and meats.

Miss Lillian Clark, who conducted these demonstrations for the Garden Grove and Buena Park farm centers some time ago, will return to repeat the work here next Friday at 2 p. m. at Birch park, and at Costa Mesa, Saturday at 10 a. m. at A. E. Block's residence.

The method of building a simple drying box and the preparation of the food will be shown.

All women interested in this economical method of preserving foods are invited to attend these meetings.

The women of Garden Grove and Buena Park attended former meetings in large numbers and were well pleased. A number of evaporators are now operating in the homes of these districts.

NEW REGULATIONS FOR LIVE STOCK SHIPMENT

WASHINGTON, July 13.—Regulations governing the interstate movement of live stock, which became effective July 1, and which supersede previous regulations on this subject, have been published by the United States department of agriculture. For purposes of identification these regulations are designated as B. A. I. (bureau of animal industry) order 273. The regulations published in the circular prescribe for the inspection, disinfection, certification, treatment, handling, and method and manner of delivery and shipment of live stock which is subject to interstate commerce. The enforcement of the regulations is assigned to the secretary of agriculture by acts of congress. Their purpose is to control the interstate shipment of live stock, and prevent the spread of diseases.

Included in the publication are acts of congress relating to this subject, general provisions, and regulations to prevent the spread of the following diseases: Splenic, southern, or Texas fever in cattle; scabies in cattle and sheep; dourine in horses and asses; hog cholera and swine plague, and tuberculosis in cattle.

CHRISTMAS CHICKEN HATCHES BROOD OF 9

ANAHEIM, July 13.—Mrs. C. C. Donelson, Box 106, R. F. D. 1, Anaheim, believes she has a record with chickens that will make other fanciers sit up and take notice.

The day before last Christmas her son brought home one dozen three-day-old chicks.

One of these began to lay May 14 and produced sixteen eggs. On June 2 it began to set and on June 22 it hatched out nine chicks from eleven eggs. It began laying again July 7.

Another hen from the same bunch began laying June 1. It produced twenty-eight eggs in June and is still busy at that job.

Liggett-Bemis Company will save you money on your lumber bill. Phone 1922. 601 East Fourth.

Phone 237 for good dairy products.

BOYS AND GIRLS SUCCESSFUL IN AGRICULTURAL CLUB MOVES IN COUNTY

Young Farmers Win Praise From Assistant Advisor J. R. Waters

MAKE PROFIT WITH PIGS

Prizes Are Incentive To Redoubled Activities By Youngsters

Agricultural clubs for boys and girls in Orange county are a success. So declared today Assistant Farm Advisor J. R. Waters, under whose supervision a number of such organizations were formed late last winter.

With the coming of summer and the close of school for vacation time, the spring agricultural club work in the county has been brought to a close.

The boys and girls' club work is carried on as a part of the regular extension work of the University of California co-operating with the United States department of agriculture.

"Agricultural clubs are a means whereby the young person can profit from farming through actual practice in competitive groups," said Waters, in telling of the results of the past season's work. "Thus, the real object of such clubs is to capitalize for young people their work with crops and animals."

Tustin Youngsters Active "Eight boys and three girls October 23 organized a pig club in the Tustin community and each raised a purebred Duro-Jersey barrow during the following four months," Waters continued.

"On March 5 the club showed its stock at the Tustin school grounds and prizes were given by merchants and by the farm center of that district.

"The first prize winner was Ives Brown, who was guaranteed the expense of a trip to the University farm, Davis, next fall, to attend the annual agricultural club convention.

"The next five contestants finished in this order: "Elmer Rittner, Marshall Lindsey, Alice McDougall, Byron Orr and Lydia Fields. Each was given a prize.

Costa Mesans Organize "A garden club was organized at Costa Mesa December 20, with seven boys and one girl growing winter vegetables. The club met at Billie Middleton's home and was officially closed Friday, July 8. The contestants were all quite pleased with their project for this year. As this is a rapidly growing poultry section, it is very probable a poultry club will be organized there next fall.

"Six boys from Garden Grove grammar school entered a pig-fedding contest, each starting with a purebred Poland China. The club closed March 12 and the contestants finished in the following order: "LeRoy Smith, John Allan Fitz, Paul Dozier, Emerson Stanley and James Parks.

"The agricultural club movement was discussed at a meeting of the Cypress farm center and was then presented to the grammar school. Four boys and three girls formed a pig club and started their feeding race the last part of January. After hard work for 133 days, they closed their club and showed their porkers at the community picnic June 4.

"The first three contestants finished and were placed by the committee as follows: "Robert Bingham, Calvert Norland and Belle Kelly."

Capistranos Interested "The progressive farmers of San

**SEES EAST. NOW
LAUDS CAL. AS
NEVER BEFORE**

"If you want to make boosters out of the people of Orange county," declares Charles Spicer, who has just returned from a scouting tour of the East and Middle West, "just let them pass several weeks in the East in the middle of the summer. Man, I certainly was glad to get back to Orange county."

Spicer passed three weeks looking over the markets and buying stocks for the winter season. During the days he spent in Chicago on his return trip he says persons were dying from the heat at the rate of around sixty-five a day. Persons from the city and suburbs were flocking to the lake shore by millions and many of them spent the entire night on the beach. The greatest number of fatalities were among the infants and old people, he said.

Depression Hits East
The slight business depression which has been felt during recent months in the Pacific coast country has been more pronounced in the East and Middle West, according to Spicer. Even under such conditions he found many lines of goods scarce and hard to buy, owing to recent labor difficulties in Eastern factories. The business men, however, are optimistic. They feel, Spicer said, that business has merely found it necessary to "slow down in turning a corner" and that the road ahead is straight and smooth and pleasant.

In the wheat country of Kansas and Nebraska the Santa Anan heard the hum of threshing machinery on every hand. The wheat crop has been good and late rains have revived the drooping corn, promising a yield of greater than average volume.

Selects Christmas Line
"The greater part of my time was devoted to the selection of an unusual Christmas line," Spicer informed the reporter. "But I also bought a volume of summer goods which will be turned over to the public in a few days to very good advantage." "The people of the Middle West especially appear to be greatly interested in Southern California. The people back there seem to be just finding out about Orange county. A few years ago they would talk about Los Angeles and San Diego or some large town upstate, but now they are beginning to ask about Santa Ana and I would not be surprised to see the town double in population in the next few years."

"The main thing I want to say," Spicer declared, "is that I am glad to get back in Santa Ana. I never was so glad to get anywhere in my life."

**AGRICULTURAL CLUB
MOVE BIG SUCCESS**

(Continued from Page Nine)

Juan Capistrano who are affiliated with the farm bureau began to see the value of agricultural club work in various districts, and in co-operation with myself presented the club movement to the high school boys and girls. Thirteen students chose to form a pig club.

"On July 2 a big barbecue was staged for the entire community. This marked the closing of the pig feeding race. The agricultural club committee, Aaron Buchheim, W. J. Callis and Frank Forster, made it possible for each of the club members to give a personal note at the First National bank for their stock. On July 8 the club visited the bank and each of the members paid off their notes in a businesslike manner."

"Twice during the year excursions have been made by the young swine growers to the Diamond Bar hog ranch at Spadra to observe the methods of feeding and herd management. The Garden Grove club made a trip to Irvine ranch in February and systems of planting, control of disease and harvesting were explained."

"A summing up of the results of agricultural club work in Orange county the past year shows that it has interested many young persons in the county and in each locality a definite value has been placed upon this important educational movement. This work will be continued the coming year, and it is hoped more communities will become interested."

**ACCUSED WOMAN TO
FACE COURT HERE**

Charged with driving an automobile in a careless and reckless manner, Mrs. J. H. Zadeck, 708 Maple avenue, Los Angeles, is scheduled to go on trial in the justice court here tomorrow morning.

The offense with which she is charged occurred January 21, last, near Tustin. W. G. Righter of Orange swore to the complaint. He claims that Mrs. Zadeck violated a rule of the road that resulted in damages to his machine and endangered the lives of himself and his family.

The case was first set to be tried May 31. Mrs. Zadeck appeared at that time but declared that she had not been informed of the pending trial until a day previous and that she had had no time to engage an attorney.

At her request Justice Cox continued the case to June 15 but the defendant failed to appear. A bench warrant was issued and she was located in Los Angeles about a week later.

She explained that an insurance company had settled for the damages alleged to have been done to Righter's machine and she thought the issue was closed.

The trial then was reset for Thursday, July 14.

**SEEKING PERMIT TO
USE MOUNTAIN SPRING
WATER IN CABIN GROUP**

Representing a number of Santa Anans, including himself, Arthur J. McFadden has filed with the state water commission a petition for the appropriation of water of some springs lying near the Santa Ana group of cabins at the junction of the south and north forks of the Santa Ana river in the San Bernardino mountains.

It was eighteen years ago that Arthur McFadden and his father, Robert McFadden, and a few others from this section began camping at this beautiful spot in the rugged mountains. In those days campers were few and far between. With automobiles, an increased population and the growing popularity of out-door life, the number of persons who camp and have cabins along the Santa Ana river has increased greatly. Cabins are scattered all along the two forks of the river.

Hitherto drinking water for those occupying the cabins at the junction of the forks has been taken from the river. With great numbers of persons scattered along the stream, it has been thought best to provide a separate source of supply for drinking water and for other domestic use in the cabins.

McFadden's petition asks for the right to pipe water 4,000 feet from some mountain springs.

Among those owning cabins in the group represented by McFadden are S. H. Finley, H. W. Walker, A. J. McFadden, M. J. Forgy, A. S. Ralph, the John McFadden family and J. A. Smiley L. A. West and Dr. McAuley have secured cabin sites and W. W. Hoy has applied for a cabin permit.

**SEE NEW FAR EAST
MARKETS OPENING**

A first-class Oriental passenger service between Los Angeles and principal ports of the Far East within the next ninety days today was expected as one of the developments of an important conference held in Los Angeles today between representatives of Los Angeles and the United States shipping board.

W. S. Wheaton, general agent in Orange county for the Salt Lake, was one of the five men meeting in conference with the representatives of the shipping board, who have come to the coast for the particular purpose of considering the project.

The service will provide refrigeration space and will open up new and extensive markets for Southern California citrus fruits and vegetables, as well as manufactured products.

The service will stimulate population growth of Southern California, it is believed.

**WOMAN'S DEATH IS
HELD UNAVOIDABLE**

"Death due to concussion of the brain and fracture of the skull, caused by an unavoidable accident," was the verdict given by the coroner's jury in the case of Mrs. Emma Wright, aged woman of Los Angeles, who was struck June 29 by an automobile driven by Henry W. Clarkson of San Diego.

Clarkson was exonerated of blame in the accident by the jury, who listened to testimony given by eye witnesses of the accident.

The case was completed yesterday afternoon when Clarkson, Samuel E. Culp and Mrs. Hazel C. Myers, all of San Diego, appeared before Coroner C. D. Brown and the jury.

"That is just what I have been expecting to hear sooner or later, for she never would look to see what might be coming along the street," were the words with which Clark Bailey of San Diego met the news of the accident to his sister, according to the statement of Mrs. Myers, who telephoned the facts in the case to him.

Mrs. Myers was within a few feet of Mrs. Wright when she was struck by the car and stated that to the best of her knowledge and judgment, Clarkson was not driving to exceed ten miles an hour. Mrs. Wright was a passenger on a stage which had stopped near Irvine for minor repairs, and was crossing the road seeking a cool spot while the repairs were being made.

Clarkson, with Culp as his companion, on a trip to Sacramento, was forced by a car coming toward Santa Ana to turn out of the road and it was just after this car had passed that the accident occurred. Evidently Mrs. Wright became confused and stepped directly in the path of the slowly moving car.

Clarkson and Culp at once went to her rescue, as did Mrs. Myers and the driver of the stage. The injured woman was brought to the hospital by the two men, who later resumed their trip to Sacramento, at which place a telegram notifying them of her subsequent death reached them. They at once returned to Santa Ana for the coroner's investigation.

**BATHING GIRLS MUST
STAY IN WATER**

PASADENA, July 13.—Bathing girls who have the same ideas about costumes as Mack Sennett and who have been wandering about Brookside park distracting the attention of tennis players and family picnic parties, so shocked the Albrecht, Pasadena park superintendent, that he issued an order that persons in bathing suits must stay in the bathing pool.

No more can bathers wander over to the hot-dog stand.

No more can beauty come from her bath and sun her locks and her legs on the grassward of the park. Jake chased five bewitching beauties who were watching a baseball game, back into the swimming pool. He said they were interfering with the progress of the ball game, though no protest came from the players or the bleachers.

**STAGE SET FOR
BOND ELECTION
AT FULLERTON**

Increased reservoir capacity and a new water distributing system for the city of Fullerton are at stake in the election to be held there tomorrow to vote on a proposed issue of \$280,000 in bonds.

It is predicted by those who are in direct charge of the campaign that the bonds will be voted by a good majority.

Residents assert that the city has outgrown its present equipment and that the rapid increase in population and expansion of the business and residence districts demand the installation of a new water system.

Million Gallon Capacity.
The reservoir now in use is of one million gallons capacity and it is declared to be inadequate for the impounding of enough water to carry the peak demand for one day.

Proponents of the improvement declare that if the bond issue carries the city can be equipped with a system that will meet the requirements of a population of 10,000. They predict that Fullerton will grow to that extent in a very few years, if the city maintains its growth record of the past three or four years.

Subdivisions Building Up.
It is pointed out that new subdivisions in the residential section of the city made within the past year total one hundred acres. The subdivisions are building up rapidly, and it soon will be necessary to devote other acres to city lots, it is declared.

Advocates of the issue further point out that no street paving has been done in the city since 1914. Some of the streets, it is said, are badly in need of improvement—an improvement that cannot consistently be made until the old leaky mains have been replaced with new ones. It is said that it will require a year's time to install the new system if the bonds are voted.

CELEBRATE ANNIVERSARY
ST. AUGUSTINE, Fla., July 13.—Commemorating the 100th anniversary of the purchase of Florida by the United States, formal ceremonies were held in various cities of the state.

Think of "EXCELSIOR" when you want milk, cream and ice cream.

THOUGHT FOR FOOD

In food production just as much as in any other industry, the man who succeeds is the one who gives intelligent thought and consideration to each of his individual problems.

This is the reason why so many of the prosperous farmers and ranchers of California have solved their irrigation problems by the installation of

Layne & Bowler Pumps

Sow "Thought for Food" by installing one of the "famous Layne and Bowler pumps" and reap "Food for Thought" in the better crop the dependable water supply will bring.

BIG MINING MERGER INVOLVES MILLIONS

FULLERTON, July 13.—A deal in-
volving millions and of considerable
local interest is announced here. The
adjoining mining properties in So-
nora of Charles C. Chapman, of
Fullerton, and Frederick C. Emery
have been consolidated and will be
operated under one management as
the Aztec Consolidated Mining com-
pany.

The announcement disclosed a min-
ing deal of great importance for the
group of mines takes in virtually
all of the known minerals in an area
of 200 square miles, forming one of
the largest mine holdings in Amer-
ica. There are some forty distinct
mines of gold, silver, copper, lead,
mica, manganese and vanadium in
the group.

Chapman is heavily interested in
oranges and oil in this state and is
owner of the Charles C. Chapman
building in Los Angeles. Emery is
well known in Mexico as a mining
man, having spent more than twenty
years in that country.

Emery will be president and gen-
eral manager of the company, and
C. Stanley Chapman, of Fullerton,
son of Charles C. Chapman, will be
a member of the board of directors.
He has just returned from an in-
spection trip. H. N. Wells, of Los
Angeles, who recently inspected the
properties and had much to do with
the consolidation, will also be a di-
rector. The company will have head-
quarters in the Charles C. Chapman
building, Los Angeles.

LUTHERAN CHURCH AT FRESNO IS BURNED

FRESNO, July 13.—Fire originat-
ing in a number of sheds at 27 and
San Diego streets quickly spread to
the German Lutheran church, sweep-
ing the building and causing a
loss estimated by Fire Chief Burk-
holz at \$60,000. Origin of the flames
is unknown, but firemen said that
the smoke had the appearance of
that from an oil fire.

The German Lutheran church was
built in 1913 and cost \$50,000 at that
time, according to the pastor. Fire-
men were tearing down the walls late
today. An organ in the church was
destroyed.

A second alarm was turned in
when it was seen the church was
menaced. Virtually the entire fight-
ing force of the city fought the
flames.

PRIEST OUTWITS WOULD-BE ROBBER

SPOKANE, July 13.—A would-be
robber was outwitted yesterday by
the Rev. Father James A. Kennelly,
president of Gonzaga university, and
as a result, the man is lodged in the
city jail charged with attempted ro-
bery. The man entered the uni-
versity building and covered Brother
Michael McDermott with a pistol.

Father Kennelly, hearing the noise
in the hall, went out of his office
and asked the man what he wanted.
"About \$200 or \$300," the man re-
plied. Father Kennelly invited him
into his office and told him to wait
until he could procure him the
money. He left the room and called
a policeman who covered the man
with a pistol and disarmed him.

FREIGHT REVENUES SHOW INCREASE

WASHINGTON, July 13.—Freight
revenues of Class 1, railroads ag-
gregating \$1,230,541,239 and pas-
senger revenues \$380,623,777, in the
first four months of 1921, according
to a statement issued by the Inter-
state Commerce commission. The
corresponding figures for the same
period of 1920 were \$1,201,626,334
for freight and \$358,961,958 for pas-
sengers.

The number of passengers carried
dropped from 391,776,000 in the first
four months of 1920 to 351,469,000 in
the same period of 1921. A decrease
of over 40,000,000 passengers. Ton-
nage declined from months of 1920
to 513,223,000 in the first four
months this year.

MARKET MAN NOW OVER ALL HIS TROUBLES

F. T. Scott, proprietor of Scott's
Market in the Economy Public Mar-
ket at the corner of Third and Main
St., Los Angeles, is one of the lat-
est to testify to the remarkable re-
constructive powers of Tanlac. Mr.
Scott lives at 4425 North Griffin Ave.
His statement follows:

"I had always enjoyed good health
up to about a year ago, when my
stomach got out of order and since
then I have been bothered day in
and day out with an awful case of
indigestion. I lost my appetite and
some days I wouldn't eat a single
meal for I dreaded the misery I
would be in if I did. I would have
an awful heavy, disagreeable feel-
ing that would last sometimes for
hours. I never felt fit for work, and
was getting so weak and run down
that I was beginning to wonder
what it would end.

"But Tanlac just fit my case ex-
actly, and I felt so much better after
finishing the first bottle that I bought
the second, and by the time that
was gone I didn't have a sign of stom-
ach trouble. My appetite came
back in full force, and from then un-
til now I have been eating anything
I want and it never bothers me at
all. I am in fine health now, in
fact, don't believe I ever felt better."
Tanlac is sold in Santa Ana by
Rowley Drug Co.

ORANGE COUNTY NEWS

"THE BIGGEST LITTLE
COUNTY ON EARTH"

EXPANDED CHAMBER TO ELECT DIRECTORS

ANAHEIM, July 13.—With nearly
seventy-five of the new membership
of the chamber of commerce pres-
ent a new constitution and by-laws
were adopted for the expanded or-
ganization.

Under the provisions of this docu-
ment an election of directors will
be held at once. Ballots for the pri-
mary have been mailed to the en-
tire membership. It is the earnest
desire of the officials that each
member vote at the election. The
polls for the primary will close at
5 p. m. next Friday. Ballots may be
mailed or cast in person.

It is announced that should any
member desire a copy of the consti-
tution and by-laws, one may be se-
cured at headquarters.

On Saturday the final ballots will
be mailed, and made returnable not
later than 5 p. m. Tuesday, July 19.

Following the meeting ten mem-
bers agreed to act as group leaders
for meetings to be held on Monday,
Tuesday and Friday of next week,
when the members will be called to-
gether in small groups to discuss
what the expanded chamber ought
to do. Every member will be asked
to participate in these discussions.
The group leaders are: H. M. Ad-
ams, Harry D. Riley, A. B. Mc-
Cord, E. H. Ahlswede, E. B. Camp,
A. W. Reeves, Barney Hartfield,
William Jackson, W. D. Grafton and
S. S. Conklin.

CHURCH CONFERENCE PLANS ANNOUNCED

TALBERT, July 13.—The fourth
quarterly conference for the year is
to be held for the Greenville circuit
on the first Sunday in August, ac-
cording to word just received by the
circuit. The Rev. C. R. Gray, pre-
siding elder, will conduct the meet-
ings.

Mr. and Mrs. Claude Swift and
baby, of Los Angeles, came Satur-
day evening for a visit with rela-
tives here remaining over Sunday.
A family picnic was enjoyed on Sun-
day at Huntington Beach with the
circuits. The Rev. C. R. Gray, pre-
siding elder, will conduct the meet-
ings.

Mr. and Mrs. A. F. Swift, Miss Mil-
dred Swift, Mr. and Mrs. Harold
Swift and baby daughter; Mr. and
Mrs. Robert Wardlow, sons, Elaine,
Vance and Donald, daughters,
Gladys and Muriel, of Talbert; Mr.
and Mrs. Will Jones and children,
of Huntington Beach; and Mr. and
Mrs. Claude Swift and baby, of Los
Angeles. The latter family returned
home Sunday evening as it was ne-
cessary for Swift, who is chemist for
the Standard Oil company at El
Segundo, to report for duty Monday
morning.

Ernie Hope, who has been the past
year with his uncle, Mr. Stuart,
while attending school here, left
Sunday for his home in Texas. He
boarded the train at Santa Ana and
is making the trip alone.

Mr. and Mrs. Harry Harper enter-
tained as a guest at their home from
Saturday until Tuesday the latter's
mother, Mrs. Lena Patterson, of
Los Angeles. The latter family returned
home Sunday evening as it was ne-
cessary for Swift, who is chemist for
the Standard Oil company at El
Segundo, to report for duty Monday
morning.

On Monday afternoon Mrs. Harper
and Mrs. Patterson visited with Mrs.
Lion Smith, of Talbert, and on Mon-
day evening Mr. and Mrs. Harper
and their guest motored to Hunting-
ton Beach where they attended a
farewell party given Miss Lois Gre-
en, who left the following morning
for Colorado.

Miss Florence Bathgate returned
Saturday evening from here in com-
pany with Miss Verna Ross and Roy
Richardson, of Bolso.

Mable Lee and Dorothy Woodson
are pitting apricots at an orchard at
Greenville this week.
Roy Titus is reported on the sick
list.

Dorothy Rogers, of Bolso, spent
Sunday with her aunt, Mrs. Hattie
Talbert.

Mr. and Mrs. Robert Harper, Mrs.
J. O. Harper and Frank Harper mot-
ored Sunday to the Modjeska ranch
where they picnicked for the day.
Silas Hill and Mr. and Mrs. Pres-
son and family attended services at
the Baptist church at Orange last
Sunday evening.

Wilbur Howardson, who spent the
past week at the S. E. Talbert ranch,
returned Monday evening to his
home at Long Beach, with his par-
ents, Mr. and Mrs. Will Howardson,
who stopped for him Monday upon
their return from a two days' trip
to San Diego.

The Rev. and Mrs. J. J. Woodson
and daughters, Mable Lee and De-
othy, Mr. and Mrs. J. C. Melvin and
son, Harold, Mr. and Mrs. G. C.
Gilbert, daughters, Alpha, Dedah,
Lola and Florine, and sons, William
and Doyle, made up a grunyon party
to Sunset Beach Thursday evening
and a pleasant time resulted. The
Rev. Mr. Woodson and family, who
took their camping outfit with them,
remained over night on the beach.

LEMON HOUSE BLAZE THREATENS STUDIO

LOS ANGELES, July 12.—The
studios and property of the Metro
Pictures corporation were saved
from destruction by fire early today,
after a desperate battle with flames
which destroyed the big plant of the
Cahuenga Valley Lemon association.
Loss to the lemon packing plant
was estimated at \$50,000.

The motion picture studio, adjoin-
ing the burning plant, seemed doomed
immediately after the blaze broke
out shortly after midnight, but were
saved by the joint efforts of a pla-
toon of police and the Hollywood
fire department.

KILLS HUSBAND AND GIVES HERSELF UP

SAN FRANCISCO, July 13.—Mrs.
Ellen Burke shot and killed her hus-
band, Edwin S. Burke, on a street
here and then went to Central po-
lice station and surrendered. The po-
lice announced. The woman admit-
ted, police said, she fired four shots
at Burke, all of which took effect.

Things Worth Knowing About Orange County

About half of the population of
Orange county lives in cities and
towns and half in the rural dis-
tricts. The average size of
orchard homes is about ten
acres, of general farming homes
forty to eighty acres, but there
are a few very large ranch hold-
ings.

The county is bounded on the
north by Los Angeles county, on
the east by Riverside county, on
the south by San Diego county
and on the west by the Pacific
ocean. Santa Ana, the county
seat, near the center of the
county, lies thirty-six miles
southeast of Los Angeles and
ninety miles north of San Diego.

Orange county has been a
county for almost a third of a
century. Never as a boom
county, but always conservative
and with progress founded
upon substantial things, the
county has advanced from a
small rural county, with its big-
gest city nothing more than a
country village, to what it is to-
day, an enterprising, thoroughly
up-to-date county with public
buildings and public highways
that are the envy of other
Southern California counties.

One of the big factors in the
uniform development of the
county has been the traditions
and practices that have marked
its political life. There has grown
up with the county ideals of pub-
lic service that seem destined to
last forever, so well grounded
are the ideals in the minds of
the people and the history of the
county.

The muck-raker would starve
to death in Orange county were
he to depend on crookedness of
public officials as food for his
consumption. Truly, he would
find the cupboard bare.

For he it known, that in all of
the years of this county's exist-
ence there has never been the
breath of scandal gone forth
concerning the public acts of any
Orange county official. There
has never been an indictment of
an Orange county official. There
has never been a dollar found
missing from the treasury or
from funds held in trust by an
Orange county official.

Absolute freedom from graft,
absolute sincerity in their atti-
tude toward the people of the
county, a contempt for under-
handed politics—these have ever
been characteristics of men and
women in the public life of
Orange county.

VILLA PARK

VILLA PARK, July 13.—Mrs.
Tyler, accompanied by Mr. and Mrs.
McGill and son, Jack, to Santa
Monica to a week's picnic.

Earl Williams, of Anaheim, was
a guest of Mr. and Mrs. J. P. Hold-
itch on Friday evening. They had
a picnic supper at the county park.

Kenneth Bathgate left Friday to
spend a few days at Laguna Beach
with his brother, William Bathgate.
C. E. Waffle moved the household
effects of Mr. and Mrs. Raney and
family down from Corona on Satur-
day.

Mr. and Mrs. Raney and family
have been staying with Mrs. Songer
until their household goods arrived.

Mrs. William Bathgate is visit-
ing with her daughter, Mrs. Guy Wil-
liams, at San Juan Capistrano.

Miss Florence Bathgate returned
Saturday evening from Los Angeles,
where she had been spending a week
with Miss Estel Urshel.

Mrs. Jacob Stein and son, Ray-
mond, returned from Lancaster on
Saturday, where they had been visit-
ing.

Mr. and Mrs. R. L. Reisch and
family left Saturday for Laguna
Beach to a week's camping.

Mr. and Mrs. Ralph Adams and
son, Bobby, spent Saturday night
with Mr. and Mrs. E. H. Adams.
They left Sunday for Brawley where
they will reside.

Mr. and Mrs. J. P. Holditch and
Mr. and Mrs. A. E. Hughes spent
Sunday at Balboa.

Mr. and Mrs. A. Knott and
daughters, Margaret and Barbara,
and Gwendolyn Holditch spent Sun-
day at Laguna Beach.

Mr. and Mrs. E. H. Adams, Misses
Nellie Adams, Mary Adams and Ada-
line Waffle were Sunday visitors at
Huntington Beach.

Mr. and Mrs. Arthur Strech were
Sunday visitors at Balboa.

BOYS' CLUBHOUSE IS PLAN AT FULLERTON

The board of trustees of the First
Christian church, Fullerton, today
had authorized the construction of
a boys' clubhouse, 30 by 40 feet,
north of the church on North Spadra
road. A committee headed by Dale
King is working on plans and speci-
fications. The building will be of
brick. It will have an outdoor court,
reading room and a gymnasium. The
boys' bible class will meet in the
structure Sundays.

14,952 ATTEND BIBLE SCHOOL IN 9 MONTHS

FULLERTON, July 13.—The rec-
ords and figures compiled by the
Christian church indicate that the
people of Fullerton have a fondness
for Bible school. This school has
found that during the nine months
from October, 1920, to July, 1921,
there was a total attendance of 14,
952 people. This is more than dou-
ble the population of Fullerton. The
lowest attendance was 116 on Oc-
tober 3, and the highest 882, on
Easter Sunday.

The past winter has been an
unusually active one in all church
work. Accommodations have been
increased in several instances and
the school will have two teachers this
term, as there are now thirty-four
children in the district.

The seventh and eighth grades
which last year attended the Ocean-
view school, the district furnishing
transportation, will return to the
home school this term.

Mr. and Mrs. E. M. Fox and daugh-
ter, Bonny, left Monday morning
on a camping trip to Forest Home
in the San Bernardino mountains.
The local people are taking their
vacation in company with Fox's sis-
ter and husband, Mr. and Mrs. C.
E. Daniels, and family, of Pomona.
Raymond Beem, assisted by his
brother-in-law, Arthur Murdy, is
caring for the dairy during Fox's
absence.

The hosts of friends of Miss Ag-
nes Gothard are extending the very
best of wishes and congratulations
to her and Jesse Powell, of Colton,
to whom she was united in mar-
riage on Sunday, July 10. The cere-
mony took place at Colton, where
the young couple will make their
future home.

Mrs. Powell is the youngest daugh-
ter of Mr. and Mrs. George Goth-
ard, of Wintersburg, and has just
completed her junior year at the
Huntington Beach high school. Pow-
ell is also well and favorably known
to many here. He is a brother-in-
law of Mrs. Henry Powell, of Col-
ton, who before her marriage was
Miss Gladys Thornton, of this
place.

Mr. and Mrs. W. T. Vanduff and
family are attending, almost every
evening, the special meetings which
are being held at the Church of
Christ at Santa Ana.

The Rev. and Mrs. Nakamura, of
the Wintersburg Japanese mission,
returned Sunday afternoon from
White's Point, San Pedro, where
they attended a meeting of Japa-
nese teachers.

Mrs. A. H. Moore was the recipi-
ent of a delightful birthday sur-
prise party tendered on last Friday
afternoon by the ladies of the neigh-
borhood. The social event proved a
most pleasant one and the honoree
was presented with a lovely hand-
bag as a token of her neighbors'
good wishes.

Daintily served refreshments in-
cluded delicious home-made ice
cream and a variety of cakes,
among which was a pretty birthday
cake, trimmed with candles.

Those present numbered:
The honoree, Mrs. A. H. Moore,
Mrs. G. M. Roberson, Mrs. B. A.
Farrar, Mrs. C. C. Bonebrake, Mrs.
A. Ruoff, Mrs. Ray Moore, Mrs. H.
O. Ensign, Mrs. A. Stefanzi, Mrs.
Henry Winters, Mrs. Josie Elliott,
Mrs. Berry, Mrs. H. T. Moore, Mrs.
E. T. Godard, Mrs. Raymond
Beem, Mrs. Harber of Wintersburg,
Mrs. Sherman Buck of Santa Ana
and Mrs. Grace Collins of Baldwin
Park, Los Angeles, daughter of Mrs.
Moore, who came down especially
to attend the party and doubly sur-
prised her mother. Mrs. Collins is
a house guest at the Moore home.

The last quarterly conference for
this conference year was held last
Monday evening at the Wintersburg
Methodist church. The Rev. H. I.
Rasmus, of Long Beach, was pres-
ent to conduct the meeting. The
regular business session was held
and the pastor, the Rev. J. Scott
Willmarth, was accorded a two
weeks' vacation.

Mr. and Mrs. Wilfred Lewis spent
Sunday in Los Angeles with Lewis'
mother, Mrs. Laura Lewis.

Mr. and Mrs. John McMillan and
family and Mr. and Mrs. Louis
Bauer, of Bolso, left Saturday on
a week's vacation outing. Their des-
tination was Camp Baldy.

Earl Patterson went Friday to
Bakersfield, making the trip in his
car and returning on Monday. Dur-
ing his absence his mother, Mrs.
Lena Patterson, stayed at the home
of her daughter, Mrs. Harry Harper
in Talbert. On Monday evening Mrs.
Patterson, in company with Mr. and
Mrs. Harper, attended a party given
for a friend, Miss Lois Green, at
Huntington Beach on the eve of her
departure for Colorado.

Mrs. George Nichols met with a
painful accident last Friday morn-
ing when she overturned a tub of
scalding water on one of her feet.
She is getting along nicely now.
Her foot has been quite comfortable
since her recovery from the shock.

TAXICAB OWNERS TO MEET IN CONVENTION

CHICAGO, July 13.—Liability in-
surance for taxicabs and hacking
regulations will be important sub-
jects at the convention of the Na-
tional Association of Taxicab Own-
ers here Thursday and Friday.

John J. Boobar, president of two
taxicab companies in Washington,
D. C., will preside, and delegates will
be here from New York, Boston,
Philadelphia, Baltimore, Newark,
Milwaukee, St. Louis, Seattle, San
Francisco, Omaha and Kansas City.

The roster of stars in the next re-
lease of "Screen Snap-Shots" is an-
nounced, contains fifty of the big-
gest and most important directors,
stars, producers and writers in the
film world, among them David Pro-
ling, Gloria Swanson, Ruth Renick,
Carter DeHaven, Bert Lytell, Edna
Purviance, Hank Mann, Elinor
Glyn, Rupert Hughes, Sir Gilbert
Parker, Charles Ray, Roy Stewart,
Antonio Moreno, Tom Ince, Pauline
Frederick, William Desmond, Rose-
mary Theby, Bebe Daniels, Lila Lee,
Will Rogers, Mabel Normand, Ethel
Clayton, Douglas Fairbanks, Mary
Pickford, Ruth Roland, Tom Mix,
Kathlyn Williams, and others of note
too numerous to mention.

Each player did a separate "stunt"
at the recent carnival for the Actors'
fund and each of these, it is an-
nounced, has been faithfully repro-
duced.

RAIL PROPERTIES VALUATION TOLD

WASHINGTON, July 13.—Values
of railroad properties owned by six
western roads, including the West-
ern Pacific, were announced by the
Interstate Commerce Commission.
The value of the Western Pacific
was fixed at \$66,075,947 under date
of June 30, 1914. The other valua-
tions were as follows:
Grand Canyon Railway company,
\$1,179,824, as of June 30, 1916;
Riverside, Rialto and Pacific, \$322,
479, as of June 30, 1916; the San
Joaquin and Eastern, \$1,148,000, as
of June 30, 1916; The Wood River
Branch Railroad company, \$115,537,
as of June 30, 1916; and the Cen-
tral railroad of Oregon, \$114,450, as
of June 30, 1916.

SPRINGDALE SCHOOL TO INCREASE STAFF

WINTERSBURG AND SMELT-
ZER, July 13.—A board meeting of
the directors of the Springdale
school district was held last Thurs-
day evening, E. Ray Moore, C. C.
Bonebrake and Emil Kettler com-
posing the board.

Applications of teachers of which
there were a number were taken
under consideration and the pri-
mary teacher was chosen. She is
Miss Schrader of Pasadena, and
comes highly recommended. The
school will have two teachers this
term, as there are now thirty-four
children in the district.

The seventh and eighth grades
which last year attended the Ocean-
view school, the district furnishing
transportation, will return to the
home school this term.

Mr. and Mrs. E. M. Fox and daugh-
ter, Bonny, left Monday morning
on a camping trip to Forest Home
in the San Bernardino mountains.
The local people are taking their
vacation in company with Fox's sis-
ter and husband, Mr. and Mrs. C.
E. Daniels, and family, of Pomona.
Raymond Beem, assisted by his
brother-in-law, Arthur Murdy, is
caring for the dairy during Fox's
absence.

The hosts of friends of Miss Ag-
nes Gothard are extending the very
best of wishes and congratulations
to her and Jesse Powell, of Colton,
to whom she was united in mar-
riage on Sunday, July 10. The cere-
mony took place at Colton, where
the young couple will make their
future home.

Mrs. Powell is the youngest daugh-
ter of Mr. and Mrs. George Goth-
ard, of Wintersburg, and has just
completed her junior year at the
Huntington Beach high school. Pow-
ell is also well and favorably known
to many here. He is a brother-in-
law of Mrs. Henry Powell, of Col-
ton, who before her marriage was
Miss Gladys Thornton, of this
place.

A meeting of Huntington Central Oil Co. stockholders will be held at the hotel corner of Broadway and Fifth, July 15, at 7:30 p. m. It is your interest to attend this meeting. Be on hand. COMMITTEE.

1 1/2 Acre Orange Ranch

Full bearing trees and plenty of family fruit. Elegant 7-room bungalow, 2 cars, 10 minutes. This is close in and can be bought for less than the owner was offered last winter. Owner is leaving the country, but consider small house which can be rented, as part payment. If they should strike oil in western Santa Ana this ranch would double in value over night.

EVENING SALUTATION

"He lasts the longest who in life
Dreams most, amid the storm,
Of peace beyond the woes of strife,
Of meadows green and warm."

LIFE INSURANCE

Guy Gilbert, president of the Orange County Life Insurance Underwriters Association, rendered a distinct and valuable service in bringing F. S. Burgess to Santa Ana Monday evening, for an address before the association and some invited guests. A report of the meeting appeared in the news columns of this paper yesterday, but one must have heard Mr. Burgess to fully appreciate the social and economic value of his talk.

It is fitting and fortunate that the life insurance men of Orange county have organized for the purpose of educational work among themselves and for the benefit of the general public. For scientific life insurance is a stabilizing factor of great value in the solution of the reconstruction problems that are engaging the best endeavor of the ablest men in the country. Not only that, but at all times and in general terms, life insurance is an element in the social and economic life of the country of far greater importance than the average citizen realizes; and the more general the understanding, appreciation and utilization of this fact and factor the better for the moral and material welfare of the country.

Life insurance has a direct bearing on education, the marriage relation, credits, reputation, ambitions, ideals, health, happiness, character building; and yet few people know anything about it in its social and scientific aspects. Most people think of life insurance in mere terms of money—pay so much a year to a life insurance company and at the end of ten years or twenty get back so much, or if death intervenes the insurance company will pay a certain sum to your family.

That is all well enough as far as it goes. Every man should save for the protection of his family in his old age or after his death, and life insurance is a good way to save. But life insurance is infinitely more than saving, even in a merely monetary sense. There is an infinite variety of life insurance contracts, and almost unlimited flexibility and adaptability. And it is the duty as well as the privilege of life insurance men to study their business in its larger aspects and educate the public as to its social and economic value.

In arranging vacations, let the first thought be for the tired mother. Too often, a vacation for the family means that mother is the one who will make the camp liveable, and it may not be a vacation but mere drudgery for her.

FOR PHYSICAL EDUCATION

Two federal bills are being promoted either of which if passed would solve the problem of teacher training for physical educators and local supervision of physical education in the schools of California. These are the Smith-Towner and the Fess-Capper bills; the latter a special bill on physical education having the same general purpose as the one section on physical education in the Smith-Towner bill. Either of these bills will place under the administration of the State Board of Education the funds necessary to promote effective teacher training courses in physical education and adequate local supervision.

California is one of seventeen states which have passed laws requiring physical education in the public schools of the state. All thinking people realize the need for this requirement and the serious national results revealed by the war draft examinations arising from past neglect. But the public as a whole is not generally ready for the local support of an efficient organization and supervision of physical education, and training schools for teachers have not produced, and are not ready to produce, an adequate supply of trained teachers of physical education. The federal bills propose to remedy these situations and meet a great national, educational and welfare need by helping the states train and employ competent supervisors in physical education.

When one reads of heat waves in the east, he heaves a sigh of sympathy for the afflicted but he smiles in satisfaction because our climate is what it is.

MORE EFFICIENCY CLUBS

Efficiency clubs organized by employees of business houses are growing in popularity.

A club of this kind serves many purposes. It develops the spirit of co-operation of employer and employees. It brings home to the mind of the employee that his pay check depends upon the prosperity of the business house by which he is employed, and that the success of a business house depends upon the service ideals not only of the head of the establishment but also of all of those who are connected with it.

Misunderstandings are ironed out, difficulties are smoothed over and tasks are met with a spirit of good fellowship and helpfulness.

An understanding of the other employee's viewpoint is oftentimes soothing to the employee who, perhaps, thinks that his department has not been given the consideration it ought to have.

An efficiency club proves mutually helpful to employer and employee. The wise employer is always willing to listen to suggestions, and oftentimes the idea that has not yet struck him forcefully is put to him in its proper light by the employee who is really interested in making the business go.

There are a number of successful efficiency clubs meeting regularly in Santa Ana. It goes without saying that more of them should be organized.

The impressive thing about the Golden Rule is that when it is applied, it works.

DRUG MENACE GROWING?

A few years ago it was thought that the narcotic drug evil was far on the road to correction. Aroused by the wide prevalence of drug addictions, congress enacted a law for the national control of habit-forming drugs, and most of the states adopted regulative laws of some kind. None of the legislation was really adequate, according to expert judgment, and there was never as thorough-going co-operation between nation, states and cities as there should have been. Still, a good start was made.

That promise has not been fulfilled. Conditions improved for a while, but lately, in large cities, there has been a sad lapse.

The situation is now particularly bad in New York,

despite the fact that New York was a pioneer in drug reform. The 1921 legislature abolished the narcotic drug division of the state government, and as a result state and city are said to be helpless against a flood of drugs. Only the federal authorities have legal power to deal with the evil, and they are woefully inadequate in numbers.

More opiates than ever are said to be coming into the country in the seaports of east and west alike, and also over the northern and southern borders, and there is less control of their distribution lately in nearly every section. There is also a marked relaxation of the efforts to cure drug addicts which were undertaken so generally three or four years ago.

There must be a widespread awakening on this subject.

Make Yosemite Accessible

San Francisco Chronicle

For a few days there was an embargo against automobiles entering Yosemite valley, which has now been removed and the valley is open to all who wish to go.

That there was any congestion within the park, making even a temporary embargo necessary, was not the fault of the valley, but of the national administration at Washington. As the valley is about seven miles long and a mile wide, the government, without neglecting any form of sanitary precautions, should be able at least to provide camping places for as many as wish to go there.

The Yosemite valley is a great asset of the state of California and in taking over and enlarging the Yosemite park the government assumed an obligation to make and keep it accessible to all who wish to go there. We can not beat Yellowstone Park as a drawing attraction unless given the opportunity.

As in respect to many other activities of the Federal government there should be in this state a competent authority with power to act within the limit of the appropriation, which our congressional delegation should cause to be made liberal. There are concessionaires having interests in the park who are able and desirous to greatly increase their accommodations and attractions, but nothing can be done without going to Washington and cooling their heels for weeks in ante-rooms while struggling with red tape. We have perfectly competent persons in California—lots of them.

While the Yosemite valley is located in this state, its attractions are for all the people of the United States, and the world for that matter. And visitors come from all states and accommodations should be ample.

Treatment of Indians

Pasadena Star-News

President Harding, it is said, will make personal investigation of numerous complaints from Indian tribes, which complaints are to the effect that their interests are not being safeguarded properly by the government. Grievances have been filed at the White House in behalf of the Sioux, Mohave, Apache and other tribes, alleging that designing white men are being allowed to wrest valuable property rights from the Indians. President Harding gives warning that he will tolerate no injustice to Indians during his administration.

Some of these complaints arise over water rights in Arizona. Indians charge that they are being ejected from the Fort McDowell Reservation in Arizona so that white men's water companies may obtain a water supply from the Verde river. But Indian Commissioner Burke says that these Indians were given their choice as to allotments and that those who have gone to the Salt River Reservation have done so of their own volition.

There may be two sides to these controversies over Indian rights. Manifestly, the government should protect the rights of Indians with jealous care. But, on the other hand, no overdrawn sentimentality in behalf of the red men should hold back development which obviously would be for the benefit of the Indians as well as the whites. In other words, sentiment as to this should be blended with good common sense. Both the Indian and the white man should have a square deal, in determining occupancy and utilization of lands and development of water.

U. S. History for Britain

Long Beach Press

The Chair of American History, founded in Britain by Sir George Watson, has been inaugurated under auspices the most promising. Viscount Bryce, former ambassador to the United States, who, as historian, has written in scholarly way of American annals, gave the inaugural lecture. Eminent American scholars from time to time will appear in Britain and deliver lectures on phases of United States history.

This intimate study of the history of the United States by Britons should be beneficial. It were well if Americans studied more extensively the annals of Great Britain. There is nothing which so soundly and surely promotes international understanding and good will as thoroughgoing knowledge, by the people of each country, of the history of other lands. Europe, for example, can not comprehend properly American institutions and ideals without becoming conversant with the history of this nation from its inception to the present. The same may be said as to America and lands overseas. This country should know the peak points in the history, not only of Britain, but of France, Italy, Russia, Germany and all the powers of Europe.

Now that a gang of girl burglars has been found in Des Moines, people ought to keep a mouse instead of a watchdog.—Omaha Bee.

As a general thing you can tell when a woman isn't bragging on her son by the way she tells him he's just like his father.—Dallas News.

Some men remind you of pug dogs. They never do anything, yet they are always puffing around like they were worked to death.—Brooklyn Eagle.

"Egypt had home brew 4000 years ago," observes a contemporary. No wonder they knew how to pickle their mummies so well.—Columbia (S. C.) Record.

Why the rule against the "spit ball" and not against international passing of a batter? A moistened ball only reduces the batter's chance of hitting well; a pitched out ball takes away any chances of hitting at all.—New York Herald.

'Tis immortality—'tis that alone
Amid life's pains, abasements, emptiness,
The soul can comfort, elevate, and fill;
That only, and that amply this performs.

—Young.

About This Time o' Year

Today's Talk

by George Matthew Adams

BE OUT FOR THE BIG THING

A crowd is made notable by the few big men and women who are enveloped by it. On entering New York harbor, your first big thrill comes from the vast skyline of towering buildings that give to the harbor a sort of inspired crown.

And with what wonder is one filled as he approaches Pikes Peak in Colorado, or looks down the walls of the Grand Canyon of the Arizona!

The big thing stands out always, impressive and inspiring, and seems to banish small thoughts and all idea of small undertakings.

I once heard a story told of G. F. Swift, the great packer, who—after they had spent a long time discussing the small affairs of the church to which he belonged—would suddenly exclaim: "Well, now that we have these things out of the way, how about Foreign Missions?"

His was a dream of big undertakings in fertile soil.

Be out for the big things and the little things will be cleaned up quickly and with ease. And besides, their importance will be so interlocked with the big things that their values will be welded into one.

As soon as I learn that my friend has big qualities, I am prepared to face his small faults and let them slide out of my consideration.

We are each of us miniature make-ups of an Eternal Frame. But only as we are able to see big, are we in a position to do big.

It has now been some years since the restless figure of Cecil Rhodes ceased its activity to lie down "in quiet slumbers." He is now seen as a man of great undertakings and achievements—and, his enemies say, of great blunders.

But he was a man who put things through!

Desiring to win over a Prime Minister in South Africa, he sends an invitation to Groote Schuur, to discuss a South African Union, with this postscript—"besides, the hydrangeas are in full beauty; it would be a pity to miss them!"

Be out for the big thing—and the little things along the way will seem big, too.

The Velvet Hammer

By A. B. B.

FRANK L. ANDREWS

The schools of this distinguished town are liberally skilled in dealing with expanded heads requiring to be filled. The young and sprouting citizen with mouth and ears agape must daily be enlarged and hammered into shape; and with Frank Andrews on the board by which the schools are run, we feel that every little thing is being duly done.

For he's the secretary of this wise and busy board, at whose decisions now and then some citizens have roared, but who have labored faithfully to rectify the youth and guide their merry foot-steps in the golden paths of truth; who stand where limelight blazes and where criticism sears and gossip buzzes busily in everybody's ears.

Frank Andrews is a genial and an amiable gent, whose judgment frequently is worth one hundred large per cent. He manufactures collar pads which working horses like, which keep, it's said, the quadruped from going on a strike. He manages his fellow men in diplomatic style and wears on seven days a week his Sunday morning smile.

Worth While Verses

DEBTOR

So long as my spirit still
Is glad of breath
And lifts its plumes of pride
In the dark face of death;
While I am curious still
Of love and fame,
Keeping my heart too high
For the years to tame,
How can I quarrel with fate
Since I can see
I am a debtor to life,
Not life to me?

—By Sara Teasdale, in Christian Century.

Contributed Clippings

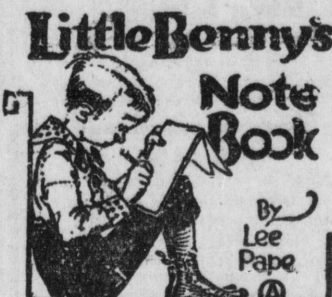

A few days ago The Register received by mail a batch of clippings on which was pinned a note reading: "From one who enjoys The Register and rejoices in the prosperity and popularity of the Home Paper." We were glad to receive these clippings and shall print them one after another under this heading.

ON KEEPING YOUTHFUL

A well-known biographer, in sketching the life of a famous statesman and diplomat, makes the emphatic statement that the characteristic in his subject that made him the beloved of his friends and that gave to his career a large amount of its steadiness and power, was "the eternal boy in him." Even down to grey hairs he refused to grow old, but persisted in maintaining toward all of life the fresh and untouched attitude and outlook of a youngster.

There may be some folk ready to question the philosophy lying back of such a statement, but there have been more than this one illustration to attest its soundness. The youthful mind is the mind to which everything is still new and unspoiled.

The boy's world is a world in which anything may happen, a world of infinite possibilities, a world where the best is always ahead and in which anything great and glorious may come to pass just around the corner. The man of the youthful heart puts the boy's zest and enthusiasm into living and is never guilty of that crowning sin of growing years, living too much in the past. Surely he must keep alive in his life the power that makes great and beautiful things possible—An editor not a thousand miles from Santa Ana, who delights in the company of two boys at Catalina sometimes.

Bear Stories for Bedtime

Chapter 86
BILLY BEAR MAKES THE BEST
OF HIS TROUBLE
By Harvey Elliott

Billy Bear had some trouble walking on all four feet with that salmon can on his foot. When it got to hurting too bad he would just walk on his hind feet. He was still a good way from home. Then, to make matters worse, he would like to meet some of his friends on the way who might laugh at him because he had gotten "his foot in it."

There were two persons Billy was hoping he wouldn't meet. One was Old Dick Coyote and the other was Snarl Wolf. He knew that neither one of them liked him very well and he didn't want them to be making fun of him.

The first one to see Billy clumping along with his tin can he didn't wait for Billy to explain or anything, but went yelling it all over the forest. Well, Billy knew what that meant. It meant that everybody in the neighborhood would be over to watch him go by. But Billy Bear can take a joke. He decided to have all the fun out of it he could and determined that he wouldn't get angry for that would make things all the worse. Billy always showed good sense and some boys and girls would be lots happier if they could learn to take a joke in a good humor and not get angry at what other people said.

Bushy Squirrel was the first one to see him. He always holds himself ready to run whenever he hears Johnnie Jay shouting around. Bushy scratched up a tree just ahead of Billy Bear and almost jerked his tail off as he watched Billy's cannon foot. "Hello, Bushy," grunted Billy, as he walked on his hind feet. "Seen anything of my other glove? Seems like I've lost one somewhere."

Now Bushy Squirrel doesn't know anything about tin cans and he actually thought that that was just one of Billy Bear's gloves and that the reason he wasn't wearing two was because one had been lost.

Billy chuckled to himself as he thought how he had put Bushy off. The next fellow that came nosing along was Fuzzy Coon. He climbed a tree so he could see well. Fuzzy was too curious looking at the can to even say, "Howdy do."

"Can't guess what I got here," said Billy, "something awful good in this can. Don't you wish you had some?" and Billy smirked his lips and walked on.

So Fuzzy Coon thought it was some thing good to eat that Billy was taking home for supper.

But I will tell you in the next story how Billy Bear got it on to Snarl Wolf.

Billy said to himself as he walked on: "The finest way to hide your trials, is to cover them up with big broad smiles."

Today in History

JULY 13
1787 — Famous "Ordinance of 1787" passed by congress for government of Northwest Territory.
1821—Junius Brutus Booth made his first appearance in America.
1864—John Jacob Astor, 4th, author and capitalist, born.

FINGER NAILS
My son picks his finger nails with his other hand, and it is making his fingers sore.

If your son is a very little boy you may be able to break the habit by requiring him to wear gloves of finger stalls on one hand. But if he is old enough to take them off, this method will be useless, unless you can win his co-operation.

Punishments are practically useless, but the promise of a reward might induce him to keep the finger stalls or gloves on.

Another method of preventing this habit is to keep the nails on both hands out very short, so that it is impossible to pick at all.

Nature sometimes stores a lot of brains behind a pretty face. To succeed, aim high and stick to it.

Life's chief compensations do not come in pay envelopes.

It was as hot as the dooce this afternoon, and I was going around the house in my underwear for the sake of the exter ventilation, and I went down in the parlor to see if I left my book down there, and jest then wat rang but the door bell, me thinking. Heck, whose that?

Wich jest then I herd ma say, Come rite in the parlor, Mrs. Hews? Mrs. Hews being a big fat lady with more than one chin, me thinking, Holy smoke, and me in my underwear. And I quick pulled the piano cover off of the piano and rapped it all around me, and ma and Mrs. Hews came in. Mrs. Hews saying, How do you do, Benny, wat on erth are you doing, playing Indian?

Yes, mam, I sed. Being a good ideer, and ma sed, Benny, the new piano cover, wat are you thinking of?

Indians, I sed, and ma sed, Take it off immediatly.

Yes, mam, I sed. And I started to wawk out, and ma sed, Benny, did I jest tell you to do something?

Well gosh, G ma, you wouldnt want me to take it off in heer, would you? I sed.

Wy not, the piano is in heer, izent it sed ma.

Yes mam, I sed, and ma sed, And besides, sints wen have Indians worn pino covers?

Chiefs mite, I sed. Wich they mite, and ma sed, Well, do you intend to take it off or dont you?

Well jimminy crickets, ma, if you knew all I didnt have on under it you mite be proud to have me keep it on, I sed.

O, sed ma, and Mrs. Hews sed, Well for pity sake, how imbarassing, hee hee hee hee. And I quick went in the hall and took the piano cover off and threw it back in the parlor and ran up stairs 3 steps at a time like lightning.

In the Long Ago

From the Register Files

(From The Register, July 13, 1907)

At yesterday's election, proposals for \$7,500 bonds for grammar school purposes, \$12,500 for high school purposes, to be used in buying land on Tenth street between Main and Bush, and \$25,000 for streets were all defeated. There were 640 votes cast. The school bonds will be submitted again at the school board considers the passage of the bonds imperative.

W. N. Carter has been appointed engineer at the water works.

P. N. Swartz, starting threshing on the Moulton ranch, is having a hard time finding help. Labor is hard to get.

"I want a piece of meat without any bone, fat or gristle," said the bride on her first trip to the market.

"Yes, ma'am," replied the butcher, "I would suggest that you take an egg."—Brooklyn Eagle.

THE ONLY CHANCE

"I want a piece of meat without any bone, fat or gristle," said the bride on her first trip to the market.

"Yes, ma'am," replied the butcher, "I would suggest that you take an egg."—Brooklyn Eagle.

THE DIVINING ROD

The idea of a "divining rod" or some other instrument that may be used as a means of finding buried treasure, mineral deposits and underground oil or water is a superstition that continues with marvelous persistence in spite of the lack of tangible results from its employment.

It may be said without qualification or exception that no rod or instrument has yet been devised to find buried treasures, nor any instrument that will indicate the presence of gold, silver, copper, lead, zinc, or other non-magnetic metals, or their ores, that are hidden from view underground.

Iron, nickel, and some minerals that contain these metals are magnetic, and the dip-needle or miner's compass has been adapted to use in prospecting for these metals. Such an instrument can be purchased, but special training is required to enable anyone to use it successfully.

A volume published by the United States Geological Survey Department of the Interior, entitled "Mineral Resources of the United States, calendar year 1911, Part I, pages 144 to 154, contains a discussion of methods of prospecting for iron ore by magnetic surveys and by drills. Although the use of the dip needle is theoretically simple, much practice is required to make accurate observations with it, and after these are made they must be interpreted by the consideration of many factors, so that the unskilled user is likely to be disappointed in his results.

The edition of the volume above mentioned available for free distribution is now out of stock at the Geological Survey, but a copy may be purchased from the Superintendent of Documents, Washington, D. C., for 90 cents.

FALLING HAIR
Please tell me what is the cause of falling hair. I can find no cure for it.

If the writer will send her name and address to "Information Editor, U. S. Public Health Service, Washington, D. C." a leaflet entitled "Care of the Hair and Scalp" will be sent her by mail, which may be of service.

HE'S WISER NOW
There was a man in our town Who thought that he was smart; He bought himself a motor car And took it all apart.

Right there or so tradition says, He ceased to be so vain; Two experts labored seven weeks To make it run again.
